Compromise Course Eyed In Air Strike

WASHINGTON (AP)—A divided Senate today seeks a compromise course under which Congress and President Johnson would share the political blame for any order to 35,000 striking jobs on five grounded airlines.

"That's the crux of it," said Senate Republican Leader Everett M. Dirksen. "Who accepts the onus?"

Organized labor strongly opposes any back-to-work order. And with congressional elections four months away, Johnson has made clear that he doesn't want the assignment of issuing such an order without Congress sharing some of the responsibility.

But before the Senate now is a resolution which would require a presidential order if the 27-day walkout is to be ended for up to six months.

During the six months, efforts would be made to reach a settlement between the AFL-CIO International Association of Machinists and the five struck lines — Eastern, National, Northwest, Trans World and United. An agreement worked out at the White House last Friday was rejected Sunday by union members.

Dirksen said Senate leaders are at work on a compromise which would share between Congress and the White House,

responsibility for ending the strike. He said Johnson had told him he wants the Senate to approve such a compromise.

Sen. Jacob K. Javits, R-N.Y., originally a sponsor of the measure that left any final strike-ending responsibility to Johnson, said little progress was made Tuesday toward a compromise.

But Javits said he believes that if compromise efforts collapse, there are enough votes in the Senate to enact a version Johnson opposes.

That would have Congress find that the walkout threatens the nation's vital transportation services — but stop short of ordering the strikers back to their jobs. That role would be left to Johnson.

Sen. Wayne Morse, D-Ore., insisted that Congress itself should take the initial responsibility.

And Sen. Russell B. Long, D-La., agreed with him.

If these fellows would forget about politics and think about the national interest," Long told a reporter, "we wouldn't need a compromise."

Javits said the effort to produce a version acceptable both on Capitol Hill and at the White House could involve a congressional compromise.

Traffic Toll Rises 2 Local Residents, 2 Others Die In Area, County Crashes

Beaver Man Loses Life Near Salem

Companion's Death Hikes Traffic Toll For County To 17

County's 1966 Traffic Toll 17 KILLED
This date in 1965—25 killed
DRIVE WRECKLESSLY

Columbiana County Prosecutor J. Warren Bettis and the Ohio Highway Patrol at Lisbon today were continuing investigation of a head-on truck and auto crash which claimed the lives of a Beaver Falls man and his companion on Route 62 near Salem Tuesday afternoon.

John A. Snyder, 43, of Beaver Falls and Herbert J. Diener, 35, of Huntingdon, N. Y., were killed when their small sports car was rammed by a truck operated by Alex Sedon, 30, of Canton.

The mishap occurred two miles west of Salem at 2:15 p.m.

Officers said Sedon, headed east in his 1962 GMC truck, came up behind a halted auto operated by Gladys Tanner, 50, of Salem R.D. 1 who was about to make a left turn into a private drive.

Sedon applied the brakes on the truck, but skidded left of center and the truck struck the oncoming 1960 MG convertible driven by Diener. Both Diener and Snyder were dead on arrival at Salem City Hospital.

Sedon was unhurt, the patrol reported. Sedon, who was hauling a load of plumbing supplies from Canton to Salem, said he did not see the smaller car.

The woman said she saw the truck approaching behind her, starting to skid, and she pulled ahead to avoid being struck.

The deaths pushed Columbiana County's traffic total for 1966 to 17, compared with 25 at this time last year.

The patrol said a previous fatal accident in which Jerald Johnston, 17, of Salineville R.D. was killed when his pickup truck overturned on Route 644 north of Salineville July 7 actually occurred on a section of the highway which is in Carroll County. They explained this death is not included in the county toll as previously announced.

Woman Kills Husband, 3 Children, Self

MILPITAS, Calif. (AP) — A neighbor, investigating why a child did not appear for Bible class, found the bodies of an entire family of five Tuesday. All had been killed with a single rifle.

Police Chief Jim Murray called the deaths murder and suicide. Mrs. Jeanette Euart, 32, he said, shot her husband, Kent, 45, and their three children — Denise, 8, Eric, 7, and Randy, 5. The woman had been a mental patient, the chief added.

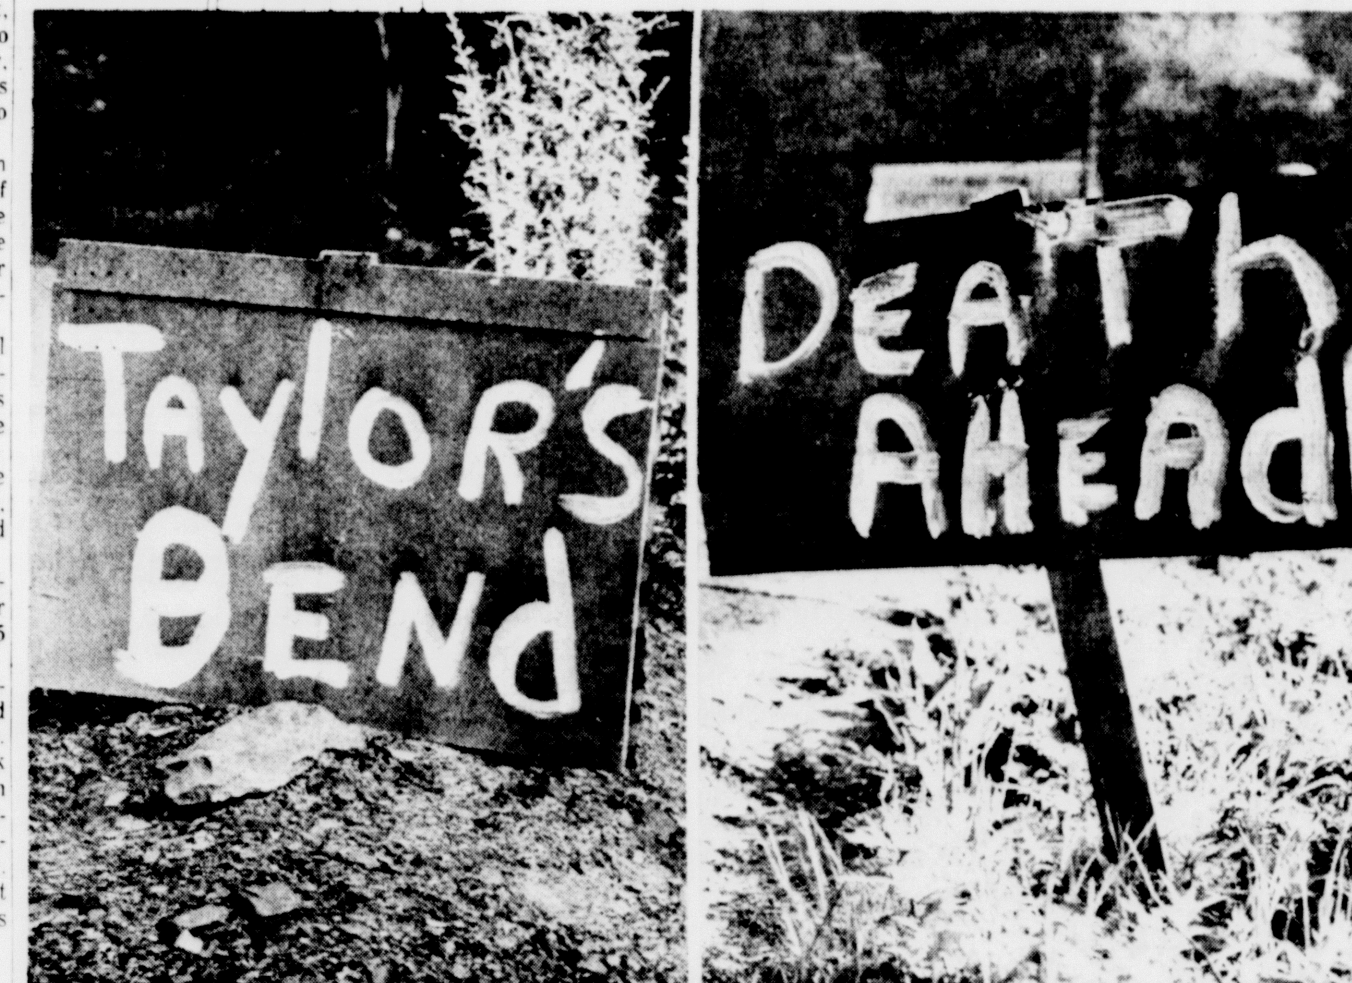

Daniel Dwell, who found the bodies 11 hours after the shooting, saw Mrs. Euart's body through a glass door at the rear of the Euart home.

The family was missed when Mrs. Dwell went to pick up one Euart child for a morning Bible class. When Dwell returned home from work, his wife told him of her unanswered knock at the door and he investigated.

'Death Ahead,' One Cautions

New Signs Warn Of Taylor's Bend

IMPATIENT OVER THE DELAY in corrective action by West Virginia state officials, "homemade" signs have been set up by some residents to call attention to the danger at Taylor's Bend on Route 30, near Chester. A typical flow of traffic is shown in the top photo at the curve, scene of many accidents. Meanwhile, Mary Meska, 52, of Allison, Pa., one of six hurt in a Sunday collision at the Bend, remained in "poor" condition today at City Hospital. Mrs. Mary Gara, one of the drivers in the mishap, was described as "good."

House Action Due On Open Housing Issue

WASHINGTON (AP) — A proposed open housing law that has deeply divided both Democrats and Republicans in Congress comes up for action today in the House.

The controversial section of the civil rights bill was to be called up for amendment in mid-afternoon. No votes were expected before late in the day. Supporters pinned their hopes on an amendment aimed at nailing down a broad exemption written into the provision by the House Judiciary Committee. The exemption removes most individually owned homes from the proposed ban on racial discrimination.

Adoption of the amendment, which would leave large apartments and newly built housing developments as the main types of housing to be covered, is controversial.

During Hancock Meeting

Extension Of Boundaries In Water District Okayed

Final approval for extending the boundaries of the Lawrenceville Public Service District to include the Johnsonville area was given during a meeting of the Hancock County Board of Commissioners Tuesday at the Courthouse in New Cumberland.

The action was taken when no residents appeared to express objections to the expansion. The commissioners accepted a bid of \$384.75 from Motorola Communications and Electronics, Inc. for a radio to be used in a cruiser of the sheriff's department. Another bid of \$970 was also submitted by General Electric Co.

Leslie Cuppy of rural New Cumberland was appointed as a representative of the County Court relative to the recently approved construction of a gas plant in the Arroyo area.

Wallace P. Metcalf and Wayne Y. Scofield of Airco were similarly appointed as County Court representatives in connection with the construction of the adjacent wire plant.

The commissioners accepted a bid of \$384.75 from Motorola Communications and Electronics, Inc. for a radio to be used in a cruiser of the sheriff's department. Another bid of \$970 was also submitted by General Electric Co.

U.S. Officials Sift Inland's Steel Increase

WASHINGTON (AP) — Inland Steel Co. of Chicago boosted its prices for strip and sheet metal by \$2 to \$3 a ton Tuesday and top White House officials immediately huddled to study the situation.

Gardner Ackley, chairman of President Johnson's Council of Economic Advisers, summoned other officials for a strategy session shortly after Inland's announcement — which apparently caught the administration by surprise.

Asked later about the meeting, Ackley said the council is "studying" the situation but did not comment further.

Inland Chairman Joseph L. Block announced the price increase — described by company officials as "moderate" — at the end of the business day. It was not immediately clear whether other big steel producers would follow suit.

Four Others Are Hurt As Cars Collide

Family Involved Had Moved To City Two Months Ago

Two women of a family which moved to East Liverpool less than two months ago were killed and four others seriously injured in a grinding head-on collision in the Burgettstown (Pa.) area early today.

Dead are Mrs. Florence Tush, 41, of 2123 Sherwood Ave. and her mother-in-law, Mrs. Winona Tush, 65, who was staying with the family.

In "guarded" condition at Washington (Pa.) Hospital are James E. Tush, 42, his son, James Tush Jr., 19, and his daughter, Mrs. Patricia McGraw, 22, who also resided with her parents.

All suffered facial lacerations and internal injuries, Pennsylvania state police at Washington said.

Kenneth Follygen, 19, of Burgettstown, driver of the other auto, is also in "guarded" condition at the hospital.

Police said details of the mishap are unclear, but Follygen was headed north and the car driven by the father was headed south when the youth's car apparently went left of center and the two vehicles collided.

The crash occurred at 5:30 a.m. on Route 18, a few miles south of Atlasburg, Pa., and about 14 miles north of Washington.

The Tush family moved here from Washington about seven weeks ago and was en route to see the son off to training in the Navy, friends reported.

Mr. Tush had worked here for some time with the Pennsylvania Railroad before his family joined him.

Two County 4-H'ers Seek U.S. Honors

Two Columbiana County 4-H'ers are among 65 state winners selected from more than 90,000 club members to represent Ohio in competition for National 4-H scholarships.

Miss Vicki Cobourn, 19, daughter of Mr. and Mrs. Burrill Cobourn of Columbiana R.D. 2, was a state winner in home economics and is competing for one of six \$500 national scholarships.

William Black, 20, son of Mr. and Mrs. Lewis Black of New Waterford R.D. 1, was selected to compete for one of two \$300 national 4-H crop production scholarships.

Miss Cobourn's victory in the Home Ec field brought her a free trip to the national 4-H Club Congress Nov. 27-Dec. 1 at Chicago. She has served as program chairman of the county Junior Leaders Club, was a member of the Junior Fair Board, represented the county at a citizenship short course in Washington, D. C., and is employed as secretary in the Community Action Committee office at Lisbon.

Two other 4-H'ers were declared winners on the state district level: Kathy Goerig, 16, daughter of Mr. and Mrs. Francis Goerig of Leetonia R.D. 1, in dairy foods, and Carolyn Fitzsimmons, 18, daughter of Mr. and Mrs. Ralph Fitzsimmons of New Waterford R.D. 1, for a sheep project.

U.S. Rushes Reinforcements

Major Viet Nam Battle Shapes Up

SAIGON, South Viet Nam (AP) — Helicopters ferried heavy U.S. troop reinforcements into South Viet Nam's central plateau near Cambodia today as three days of fighting against North Vietnamese forces appeared building up into a major battle.

B52s rained bombs on suspected enemy troop positions and a base camp just one mile from the Cambodian frontier as the reinforcements from the U.S. 1st Cavalry, Airmobile Division swelled the American force to 10,000 or more men.

In the air war against North Viet Nam, U.S. planes pounded the Haiphong oil depot Tuesday for the third time. North Viet Nam charged the Americans also bombed residential areas in the port city and hit a steel plant north of Hanoi Monday.

Navy pilots who attacked the Haiphong depot said the anti-aircraft fire was the heaviest they had ever encountered. "It was just like the movies," said one. One surface-to-air missile was sighted but the U.S. command said no planes were lost.

The 1st Cavalry reinforcements joined infantrymen of the U.S. 25th Division who since Monday have fought a series of short, sharp engagements with the North Vietnamese.

The B52s bombed an area of the Chu Phong Mountains where at least three regiments of North Vietnamese regulars are reported operating.

U.S. military headquarters reported a 25th Division company killed 11 North Vietnamese in a brief fire-fight this morning. The U.S. soldiers took no casualties, the U.S. command said.

The command also reported that 25th Division infantrymen found 63 North Vietnamese bodies in a sweep after a two-hour clash Tuesday 10 miles west of the Plei Me Special Forces camp.

The action, a new phase of Operation Paul Revere, is being fought in a plateau area 10 miles east of Cambodia and about 25 miles southwest of Pleiku City.

Bad weather limited the raids on North Viet Nam Tuesday to 24 multiplane missions, far below the usual daily 100 or more missions. A spokesman said the weather was caused by Typhoon Phyllis in the Gulf of Tonkin, which was reported headed northward toward Communist China and part of North Viet Nam.

B52s also bombed today one mile south of the demilitarized zone between North and South Viet Nam. They hit suspected North Vietnamese troop concentrations and gun positions in support of U.S. Marines mopping up the area after two weeks of fighting in Operation Hastings.

American planes flew 477 sorties in South Viet Nam Tuesday.

Firearms By The Dozen

Another flurry of interest in firearms control will follow the University of Texas massacre by Charles J. Whitman.

It will not last as long as the flurry of interest after the assassination of President Kennedy, but it will follow the same pattern.

Whitman obviously was mentally deranged. So was Lee Oswald.

Both men were able to obtain firearms with no more trouble than it takes to buy corn flakes.

Both men were able to possess firearms with no more trouble than keeping a picture of their high school classmates.

Whitman grew up, it has been learned, in a house filled with guns—dozens of guns. Handling guns was second nature to him.

As a sharpshooting U.S. Marine, he learned all about marksmanship. When the restraining mechanism in his mentality snapped and he went berserk, his experience with guns made it easy for him to kill 15 people and wound 31 others before other men with guns finally gunned him to his death on the University of Texas tower.

It was another man with a gun, Jack Ruby, who gunned down Oswald.

This is a violent country.
These are violent times.

Men with guns—good men with guns and bad men with guns—are having a busy summer, shooting other human beings. It is one of those times when Americans of good conscience wonder about guns owned and used promiscuously and irresponsibly.

It doesn't seem to matter too much that in the shoot-outs the good guys ultimately win and the bad guys lose. Meanwhile, a lot of bystanders and people trying to get out of the line of fire get pinged.

But nothing will come of agitation to clamp down on guns. The people who have guns aren't going to give them up—and that's that.

They'll shoot it out if they have to, and that's a promise. They mean it.

Two For One

Columbiana County has gone its neighbors one better by naming two men as "Farmer of the Year."

The honor has been bestowed on the Baker twins — Leland and Oland of the Darner Rd., near Lisbon.

Proper tilling of the soil has become a tradition with the family. Conservation practices are in good hands — all four of them — in the county.

It's Always The Same

A right-wing dictatorial government in Argentina has shown its intent by staging a police raid on state universities.

The intent was to paralyze Argentine intellectuals with terror. Policemen broke into classrooms, manhandled teachers and students and herded them into vans. It was a demonstration of matter over mind.

The extremist reaction to intellectual freedom and free inquiry always is the same, whether it is from the right or left.

Extremists want no free inquiry.

There is only one point of view for an extremist—his own. This is why extremists quarrel so

violently among themselves. There is no room for variance.

The intellectual ends up in the middle, along with the moderate and the taxpayer. But because the intellectual, himself, is often an extremist, he is intolerable to extremists who hold political power.

The right-wing dictatorship that holds political power in Argentina cannot risk trouble from intellectuals.

No dictatorship, right wing or left wing, can run the risk of free inquiry into what it is doing. Free inquiry is a luxury prized by moderates, shunned by extremists.

Uplifting The Downtrodden

A situation has taken form in New York City that should be an endless delight to sniffers about do-gooders.

It happened when the Legal Aid Society decided to furnish free counsel to Bowery derelicts picked up by the police for intoxication.

What the Legal Aid Society didn't know or didn't want to admit it knew was that many derelicts walked into police stations and asked to be arrested.

The last thing on earth they wanted was a legal defense that would put them back on the streets. They wanted to go to jail so they would have something to eat, a place to sleep and, in some cases, a chance to stay away from intoxicating liquids.

Upshot of the Legal Aid Society's intervention in behalf of the downtrodden was a change of police policy. Intoxicated derelicts lost their privilege of being locked up, fed and housed.

It was pointed out that mere intoxication wasn't a cause for arrest anyway. There had to be something more serious, like a fight. Derelicts now are faking fights, in the hope of being arrested.

They are looking forward with dread to the coming of another winter, when do-gooders will keep them from being improperly imprisoned and at the same time keep them from being properly housed and fed.

By James Marlow

retary, said Johnson will push for stronger legislation controlling the sale of guns than the bill approved in May by the Juvenile Delinquency subcommittee.

But neither Johnson's urging nor the gigantic tragedy in Austin is going to snowball a firearms control bill through Congress. Already Sen. Roman L. Hruska, R-Neb., has said: It would be "deplorable to trade on the emotion generated by the sniper incident."

Among other things the bill approved by the subcommittee would: Ban the interstate mail order sale of concealable firearms — pistols and revolvers — to individuals and regulate the interstate sale of sporting rifles and shotguns through an affidavit provision.

THIS WOULD require a person purchasing a rifle through the mail to give his name and address and swear he was not a criminal. Then his affidavit would be forwarded to the police in his community to check on him.

Sen. Thomas J. Dodd, D-Conn., chairman of the subcommittee, said the legislation had been subjected to "unreasonable" attacks by lobbying groups.

He said "something can and must be done to keep deadly weapons out of the hands of those individuals who through sickness, uncontrollable anger or overwhelming futility have no regard for human life.

"Those persons who say that anyone who wants a gun will get it somehow, may be right. But does it make sense that the mentally ill, the irresponsible, and the criminal should be able to obtain a potential murder weapon with no questions asked?"

If you hiss, "Please, miss!" someone may think your lady friend is stabbing you with a scarf pin and come to your rescue.

Tinkling the water glass with a spoon is too camp for even an old camper. The gents in the place may think they are back at the luncheon club and sing "Down by the Old Mill Stream."

Trying to zero in on a waitress by using a roving eye is tricky. The proprietor may think you're a novice from Peoria trying to make a pickup and ask you to leave.

It is never safe to reach out and clutch at a waitress in a desperation lunge. It may not be your waitress. If it is, she may think you are a Dobermann pincher and use evasive tactics.

Tripping is unsportsmanlike.

Shouting is primitive.

The best way is to get up from the table and act as if you were going to be sick. This will bring people running with towels, pans, napkins and harried expressions.

When a crowd has assembled, snap out of the nauseous bit and state your needs. They will be satisfied.

Whistling is all right, but unless you leave your fingers in your mouth no one can be sure who did the whistling.

'Paper' Dragon!

Luci's Rites Get Union Approval

By Victor Riesel

WASHINGTON — At a luncheon the other day the gentleman from Arizona, Barry Goldwater, quipped:

"I'm here two years late for the presidency and two weeks early for the wedding. But I've had two daughters married and he's only having his first — he doesn't know what trouble is."

Oh, yes he does, sir. It wasn't all that easy. You know how those unions are — and of all weddings, this one had to have a union label on it.

It will have. There will be union music, and a union-made wedding gown and bridesmaids' dresses, and even a union-baked cake, all 300 pounds of it.

Labor won't be a member of the wedding. But the bride and her maids will have union labels sewn next to the zippers.

Mr. Johnson just is not going through all that trauma he suffered when he thought he had hurt the feelings of some of his closest friends just before the other event—his nomination for the presidency at the 1964 Atlantic City Democratic National Convention.

JUST BEFORE THAT gay ritual, Mr. Johnson learned that the uniforms made for the ushers and usherettes were non-union. The famed Johnsonian temper flared.

He had asked a close friend in Dallas to recommend a shop. It was contacted and contracted. Hundreds of the colorful garb were produced.

When the President learned they had no union label, he had the Democratic National Committee junk them. At a high cost, indeed, new ones were made by union maids in an International Ladies Garment Workers Union (ILGWU) shop, also in Dallas. And then came history.

A few weeks ago the trauma returned. The President learned that the same Dallas friend had suggested to Luci she use Priscilla of Boston to design and produce the bridal gown and the bridesmaids' dresses.

After all, Priscilla had done Princess Grace's gown. But she — Priscilla — was non-union.

The ILGWU, led by Louis Stulberg, president, and Dave Dubinsky, honorary president, had tried to sign up the Boston shop. But, uncharacteristically, they had failed.

There have been reports that "Louis and Dave" had called their friend, the President. Not true. It was he who first learned that Luci was about to be wedded in non-union garb.

BACK HE WENT to his Dallas friend. The adviser on garments, a chap with a finer eye for style than for the cut of national politics, called Boston. Priscilla's people agreed to design the gown and the raiment for 10 bridesmaids, one matron of honor, and one maid of honor, and then turn the drawings over to Robert Leonard, Inc., a Lowell, Mass., union house.

The day was saved—as Stulberg and Dubinsky will tell their friend at a formal dinner in the White House during the week.

This was no idle matter for the ILGWU. There will be thousands of what the garment makers

are calling "Luci silhouette" dresses on the market shortly. Hers will be a celebrity dress style, and big sales could mean much for garment workers during this season.

As for the headress, the millinery workers' union chief, Alex Rose, never checked. He had supreme confidence in his friend, Lyndon Johnson.

Music came a little easier. There will be an all union band— Peter Duchin and 14 of his men. Most of them are members of New York's giant Local 802, American Federation of Musicians.

Peter went through the motions of checking it all with Washington's Musician's Local 161. This always is done on a "travelling" job.

COURTESY, OF COURSE, and to clear with the local's rules, and to learn if the employer is on the Unfair List. The word was that the White House was not. All clear.

There will be a small Marine contingent to play ruffles and flourishes as the guests arrive in the Blue Room. But that's all. Peter will make the music, very rhythmic indeed, for the dancing.

The cake and the delicacies of the reception will be handled by chefs from unionized New York hotels by White House food coordinator Henri Haller. They are all members of Local 6, Hotel-Motel and Club Employees.

So you see, Brother Barry, it isn't always easy to marry off a daughter—especially in the White House.

Odd Facts

The bicycle is a main means of transportation in many countries. In Denmark, about one of every two persons is a bicycle rider. And Belfast, in Ireland, has more bicycles than automobiles. Bicycles are still very numerous in Bermuda, where private cars were forbidden by law until 1948.

The world's largest indoor clock is situated in New York City's Grand Central Station. It has a 15-foot face and its minute hand is seven feet long.

The dark-banded Australian tiger snake and the South American fer-de-lance are considered the most lethal of all snakes.

The widest artificial waterway in the world is the Cape Cod Canal, which cuts through the strip of land that joins Cape Cod to the rest of Massachusetts. Its channel is 32 feet deep at low-water and 480 feet wide.

Hypertensioned Americans! According to latest estimates, tranquilizers are taken by one out of 12 Americans and more than \$70 million a year is also spent on sleeping pills.

In the U. S. there are 18 million men and women who are 65 years old or more. And this number is increasing by about 900 daily. On the average day, 3,800 reach their 65th birthday, while 2,970 men and women of 65 and over die.

Weather Note

By Richard Spong

Heat, Hurricanes And Strikes

This has been so far a hot old summer, and that seems to mean that you can expect the worst. Heat is one thing — pretty well controllable these days in regard to living and working conditions. Drought, caused by heat and the lack of rain, is something else again. And hurricanes, caused principally by heat, are equally unmanageable.

The Weather Bureau traditionally names its tropical storms and hurricanes after women, perhaps because they are striking, sometimes destructive, and most unpredictable. What we have to worry about this year is Faith or Greta or any of the number of storms behind them. Ella, at least at this writing, is weak and "poorly organized," and we hope to hear no more of her.

NOT ALL TROPICAL storms get to be hurricanes. The U.S. Weather Bureau describes hurricanes as "cyclonic storms of the tropics" with wind speeds of 75 miles an hour or more. A giant hurricane is a 500-billion horsepower engine capable of lifting 2 billion tons of water from the ocean in a single day and dumping it back in torrential rains.

In one day, the National Geographic Society reports, a medium-sized hurricane liberates as much energy as the simultaneous explosions of perhaps 400 hydrogen bombs. The storm may develop more energy in a minute than all the electric power stations in the United States can produce in a decade.

The Weather Bureau has been experimenting for almost two decades with dispersing hurricanes by cloud-seeding. With the assistance of the Navy, the Bureau this season will continue a more ambitious venture, Project Stormfury.

The basic technique is known. Clouds near the "eye" or center are seeded with tiny crystals of silver iodide in an attempt to release the latent heat energy of the clouds and thus reduce wind speed near the eye.

Last year's rough hurricane was Betsy, which caused at least 73 deaths as she battered Florida, Sept. 7 and 8, and lower Louisiana, Mississippi, Alabama, and Arkansas. The year before there were six hurricanes, and four of those moved onshore causing heavy property damage, much of which was covered by insurance.

One of the most costly hurricanes from the standpoint of property damage was Carol, which struck Long Island, New Jersey, and several New England states in 1954. After this storm, insurance companies paid \$129.7 million in losses. Yet most policies, according to the American Insurance Association, do not cover damage caused by wave wash, rising water, and flooding.

AS FOR HEAT, which generates hurricanes, this summer has been the hottest since 1958. The Wall Street Journal reports the situation most concretely when it observes: "Makers of ice cream and soft drinks agree that the heat wave that continues to hang over much of the nation will undoubtedly result in record sales and earnings for the summer period."

Heat and lack of rain make for poor crops, and concern over farm production is mounting. The trouble is supposed to be a wayward jet stream eight miles in the sky. It should be bringing us cool air from Canada, the continent's normal air-conditioner. At this writing, however, it appears to be on strike.

Attention Please

Some joker sitting close to our table in a restaurant last Saturday night let fly an ear-splitting whistle—the kind you make with your fingers.

Everybody jumped.

Our waitress came flying to see if everything was all right. "I thought you were getting anxious about more coffee," she said.

We explained we couldn't whistle like that the best day we ever lived. We never did see who had done the whistling. All we know is that he attracted attention.

He found the answer to a question that bugs all of us.

How do you attract the attention of the paid help in a restaurant?

If you raise your eyebrows and form words with your lips, some old dame across the crowded room may think you're asking her to come to your place to see the tropical fish.

If you do finger waves when you think the paid help might be looking your way with its eyes open, you are in danger of flagging down a mincey-gaited male with a yellow neckerchief and eye makeup.

If you croak in a hoarse voice, "Hey, girlie, over here," you might end up with more than you bargained for.

Inland

(Continued from Page 1)

ers would follow Inland's lead. In Pittsburgh Tuesday night, U.S. Steel officials said they had no comment.

Block, asked if Inland would roll back its price increase if other firms didn't follow suit, said, "We will have to."

Sheet and strip metal account for roughly 30 per cent of the industry's total output. If other firms match Inland's increase, it would amount to the widest industry boost since 1963.

Earlier this year Inland became involved in a major clash between the industry and the Johnson administration prompted by Bethlehem Steel Corp.'s New Year's Eve announcement of a \$5-a-ton increase for structured steel.

Inland went along with the boost a few days later but after U.S. Steel — under heavy administration pressure — announced only a \$2.74 increase, both Inland and Bethlehem backed down. The compromise, described by Johnson as within his wage-price guidelines, set off a stock market surge.

Inland played a different role in the 1962 steel industry battle with the John F. Kennedy administration when it refused to follow a general price increase initiated by U.S. Steel — the No. 1 producer. Kennedy forced the industry to rescind its price hikes.

Tuesday the company specifically raised its price on prime grade hot rolled sheets and strips from \$5.30 a hundred pounds to \$5.45. Prime grade cold rolled strips were similarly boosted 15 cents to \$6.67½ a hundred pounds. Secondary grades were raised 10 cents.

"Though higher prices than these can be justified," the firm said, "we are holding our advances down to modest amounts in keeping with our desire to cooperate with the government's program of price restraint."

Inland's boost comes amid lagging profits throughout the industry. Of the five major steel producers, only Bethlehem reported increased profits for the first six months of 1966.

Earnings at U.S. Steel dropped from \$154.8 million to \$125.5 million.

Since its initial showdown with the steel industry early

this year, the Johnson administration has not challenged any subsequent steel price boosts, although it attacked increases in other metals.

On Feb. 18, U.S. Steel increased the price of boiler plate \$4 a ton, a hike it said covered about one-tenth of 1 per cent of all steel sales. The company later adjusted its over-all prices, a move that increases the total price of steel about two-tenths of 1 per cent.

At that time, Ackley said the company had pointed out the increases would be offset by price reductions elsewhere so that "the over-all effect of the changes on revenue per ton is about a standoff." The council did not challenge the boost.

Viet Nam

and claimed destroying or damaging 437 enemy huts, buildings and fortifications. South Vietnamese planes flew 249 sorties.

The U.S. military command in Saigon said U.S. Navy and Air Force planes made the strike at the big oil depot in the Haiphong dock area two miles from the heart of the port city. The announcement said no American planes were lost, and pilots reported columns of smoke and a big secondary explosion.

Washington first confirmed the strike on the depot after North Viet Nam charged that U.S. planes made an indiscriminate raid on Haiphong, "bombing residential quarters and factories."

This, said Hanoi, "gives the lie to the U.S. rulers' shameless talks about the United States 'seeking no wider war' and 'peace being its objective in Viet Nam, etc.'"

The North Vietnamese said they had demanded an investigation by the International Control Commission, made up of Canada, India and Poland.

Hanoi Radio claimed that six American planes were shot down.

The U.S. Defense Department said preliminary reports showed that American planes were "on target," indicating that the attacks were confined to the oil depot.

U.S. planes first hit the Haiphong depot June 29 and again July 7. Before the raids, the facility reportedly handled 95 per cent of all fuel entering North

Viet Nam and stored 40 per cent of the country's fuel capacity.

U.S. Defense Secretary Robert S. McNamara said after the June 29 raids on the Haiphong depot and another across the Red River from Hanoi that the strikes were carefully limited to military objectives. He renewed the U. S. pledge of limited objectives — "not aimed to destroy the Communist government of North Viet Nam or destroy or damage the people of North Viet Nam."

The defense chief said the strikes were prompted by the fact that in recent months North Viet Nam has relied increasingly on trucks and powered junks to infiltrate into the South.

North Viet Nam registered another protest against U. S. bombing of the demilitarized zone which divides North and South Viet Nam at the 17th Parallel.

The United States announced two B52 raids on the zone during the weekend. U.S. officials said B52s were called in because the North Vietnamese were massing troops in the buffer zone created by the 1954 Geneva armistice agreement.

In Washington, Robert J. McCloskey, State department press officer, indicated that U.S. action in the demilitarized zone would continue. He said some North Vietnamese units presumably were still in the zone and the area "cannot be abandoned to the enemy exclusively."

It was disclosed in Washington that Secretary of State Dean Rusk has told Congress the United States observes a no-bombing buffer zone along North Viet Nam's border with Red China "as a precaution against overrun" of Chinese territory.

Rusk gave this testimony before a House Appropriations subcommittee on May 11, but officials said today the rule still holds.

He gave no details, but some authorities said the buffer zone probably is about 30 miles wide. Rocks are highly prized for decoration in Japan. A prosperous Japanese may pay \$4,000 for a rock with an interesting shape or color.

sional back-to-work order of perhaps 30 or 60 days duration, followed by machinery which would require a presidential finding to keep the men on their jobs.

One plan under discussion would have settlement-seeking mediators advise Johnson after the initial back-to-work periods as to whether a new order — this time from the White House — was needed to bar a renewal of the strike.

Atty. Gen. Nicholas Katzenbach advised the Senate against the version recommended by its Labor Committee. Long read to the Senate—almost deserted after a long day of debate—a Kat-

zenbach letter calling it an invitation to court challenge.

Morse said that could mean a strike standstill even after Congress voted Johnson power to end the walkout.

Morse said labor lobbyists had a sharp eye on the Senate. "The issue here is not complicated," he said. "It is as simple as election day."

"We've got some senators in Congress who say the President isn't a candidate in 1966, but we are," he said.

"There isn't any doubt," said Sen. Joseph S. Clark, D-Pa., "that politics, Republican politics, Democratic politics, presidential politics, congressional politics, is playing a very real but hidden part in this matter. The White House wants the Congress to take the whole responsibility," Clark said.

And Sen. Winston L. Prouty, R-Vt., who joined Clark in backing the plan that would require a presidential ruling, said Johnson has been "playing both sides of the street for what must be purely political purposes."

But Dirksen said he had no desire to see Johnson in a political spot with labor. "This is neither a Democratic strike nor a Republican strike," he said.

Housing

sidered vital if the section is to stay in the bill.

An unlikely coalition of Southerners and conservative Republicans opposed to any housing provisions, and Northern liberals who want a tougher one,

have lined up in opposition to the amendment.

The strategy of the opponents of any measure is to block all efforts to weaken it in hopes of frightening away support when a roll-call vote comes on final passage, probably Thursday.

The House moved into position to tackle the proposal with a spurt of action Tuesday that carried it most of the way through two other sections of the bill.

It rejected efforts to delete a provision banning discrimination in selecting state jurors.

The jury provision would permit the attorney general to seek a court order setting aside a state's jury selection system when it is proven to be discriminatory.

Hit At Wrecker, Tavern Reports

Wellsville Police Deny Charges Of 'Favoritism'

Charges of "favoritism" leveled at the Wellsville Police Department concerning wrecker service at accidents were answered by officers during a meeting of City Council Tuesday night.

At the last Council meeting, Howard Westlake of 1702 Commerce St. charged that he and two other garage operators who have a 24-hour wrecker service are never called to tow away vehicles involved in accidents. He said the work always goes to the West End Garage.

Patrolman Charles Amato appeared before Council, stating he was acting for Capt. Pete Trainer. Because of the attack on the department and the unfavorable publicity, a check was made over the past year on the wrecker service handled through the department, he said.

During the 12-month period,

Westlake was called 18 or 20 times, West End Garage 35 times and Jim Thrasher's service 33 times. Amato pointed out. He also said he had talked with Thrasher, who said he had not authorized anyone to speak in his behalf.

Amato said motorists involved in accidents are asked who they want to tow away their cars. It is their preference, not ours, he explained.

Relative to charges made earlier by Councilman George Lawton that favoritism was being shown certain tavern operators, with some being allowed to have live music in operation later than others, Patrolman Charles Potts, who was mentioned in the previous discussion, stated from the audience that this was not true.

He said that to his knowledge all taverns comply with the proper closing. There isn't a place in town that has live entertainment any longer than allowed, he declared.

Lawton said he was told by Jim Ross of the 356 Bar that the Crystal Lounge was having live entertainment past the allowed time. He said he checked the Crystal Lounge one night, but the entertainment ended on time on this particular night.

Walter Henthorne spoke from the audience and said he feels the department is being treated unjustly. Before Council starts taking cracks at the police department, it should check on the needs and try to help them out, he said, continuing that the tavern owners usually comply with the law because they want to protect their liquor permits.

Henthorne also complained of the bad condition of the railroad crossing on 3rd St., pointing out one of the large planks jumps up in the air each time a truck passes over it.

Connally, Law Officials Confer On Texas Slayings

AUSTIN, Tex. (AP) — Gov. John B. Connally called a meeting with Texas law enforcement officials today to discuss the Charles Joseph Whitman homicide rampage which left 16 persons dead and 31 wounded.

Arrangements were made to fly the bodies of Whitman and his mother, the first person killed in the mass slayings, to their home town of Lake Worth, Fla., for burial.

Having cut short a Latin-American tour because of the tragedy, Connally arrived Tuesday night from Rio de Janeiro in what he described as a "shocked and saddened" condition.

The governor, who himself narrowly escaped death by gunfire when he was wounded in the Dallas assassination of President John F. Kennedy, said he would confer with Col. Homer Garrison, director of the Texas Department of Public Safety, and other state law officials.

He said he called the talks "in hopes of preventing a recurrence" of such shootings in Texas in the future.

In Washington, sponsors of gun-control legislation, under prodding from President Johnson, moved towards steering a bill to the Senate.

The possibility that brain disease caused Whitman, 25, to go berserk was raised Tuesday when a surgeon who performed an autopsy reported the ex-Marine had a tumor which might have caused intense pain.

A University of Texas psychiatrist, Dr. Maurice Dean Healy, disclosed that during an interview last March 29 Whitman said he thought about going up in the campus tower "with a deer rifle and shooting people."

Most of the victims in Whitman's outburst Monday were felled by rifle shots from the tower's 27th-floor level.

Dr. Healy said Whitman, whom he described as "self-centered and egocentric," failed to keep an appointment for a further interview the following week.

The psychiatrist's assessment of Whitman's personality came as a surprise to a Dallas man who said the former Marine was his roommate at the university in 1962.

"He was not just an average nice guy — he was above average," the man, who insisted on anonymity, told an interviewer.

"He was a typical all-American boy, and one of the most amicable fellows I've ever met."

"Charlie was the easiest person in the world to get along with. As a roommate, he was superb."

Dr. Healy, however, said that in the March interview Whitman told of having "overwhelming periods of hostility with a very minimum of provocation" and admitted that he

Midview School District Teacher Shortage Cited

GRAFTON, Ohio (AP) — Unless the Midview School District can fill 27 teacher vacancies before Sept. 7, it will start the school year with a staff of 138 for an enrollment of 4,200 students.

The district, plagued with financial problems that may force its schools to close in January, obtained the Ohio Board of Education's permission Tuesday to employ 25 lay persons to alleviate the teacher shortage.

"I haven't talked to a qualified candidate for weeks," said E. A. Wheaton, superintendent of schools.

Finances have caused Midview's problems, according to the superintendent. He believes the district's starting salaries for teachers should be raised from \$4,600 to \$5,200 to compete with other schools.

The school board will seek an additional 10.28 - mill levy and a 3.72 mill - levy renewal to make salary increases and alleviate other financial problems.

Post 374 Makes Plans For Picnic

Plans for the family picnic Aug. 14 were outlined during a meeting of American Legion Post 374 Monday night at the post home, with Vince McGeehan, commander, in charge.

The outing, at Valley Park, will begin at noon. Bill Reagle, second vice commander, is in charge of arrangements.

William Pettel was initiated as a new member. Dencil McKinney, first vice commander, reported 37 new members for 1967. James Cregar, 10th dis-

trict first vice commander, reported that the post's quota for 1967 is 672.

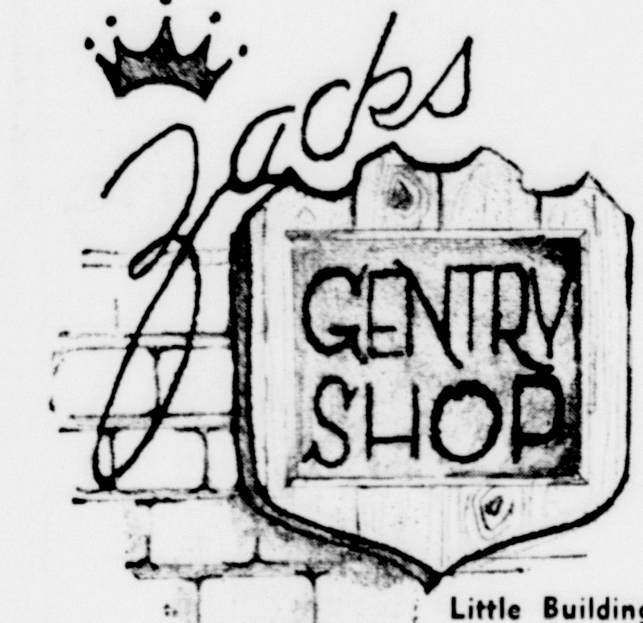

Don Hancock announced that music for Saturday night's dance will be furnished by Glen Jackson.

Dr. William Horger was selected "Legionnaire of the Week."

Lunch was served by the kitchen committee.

4 More Killed In Ohio Traffic

By The Associated Press

A pedestrian and a bicycle rider are among Ohio's latest traffic victims.

The dead:

John Oates, 52, Findlay.

Tom Peters, 10, Colverdale, Putnam County.

Herbert J. Diener, 35, Huntington, N.Y.

John A. Snyder, 43, Beaver Falls, Pa.

Oates, a pedestrian, was killed early Wednesday as he crossed a street in Findlay. The driver of the car was not held.

Young Peters died in a Lima Hospital Tuesday night of injuries received Monday when a car struck the bicycle he was riding.

A car carrying Snyder and Diener, the driver, collided head on with a truck on U.S. 62 west of Salem on Tuesday. The trucker was not hurt.

New Drive Reported For Regional Jetport

LEBANON, Ohio (AP) — Another drive is reported underway to win populous Hamilton County over to the idea of building a regional jetport in southwestern Ohio.

Word of the campaign came from John P. Fraim of Dayton who was reelected Tuesday as president of the Southwestern Ohio Regional Airport Authority. He told the authority trustees Cincinnati businessmen are trying to win the county commissioners' support for the jetport.

had twice beaten his wife — one of his victims.

Justice of the Peace Jerry DeLanna quoted a surgeon who performed an autopsy on Whitman as saying the tumor found in his brain "could have caused intense pain — headaches — that could have indirectly caused or contributed to his actions."

In Lake Worth, C. A. Whitman said, "My son has committed a crime that is a great horror to the whole world."

"I know you all realize that this boy is sick. I don't know what else to say about him."

Whitman, 47, a plumbing contractor, was answering news-men's questions Tuesday about his son.

Whitman said he was in his living room at noon Monday when he heard a report of the sniping at the University of Texas.

"Hey, that's where Charlie is," Whitman said he called to another son, Patrick, 21.

Whitman said he was resting in the bedroom later when Patrick rushed in and said a television announcer had given the sniper's name as Charles Joseph Whitman.

The body of Whitman's wife, 23, who was his second victim, was sent to Rosenberg, Tex. Monday. Funeral arrangements are pending there.

Meters Installed For Parking Lot

Parking meters were installed at the city's new parking lot on W. 3rd St. today.

Mayor George Willshaw said the 75 new meters arrived Tuesday and installation of the heads on the standards began this morning.

Metered parking is now in effect, the mayor said.

The lot, off E. Church Ln., was blacktopped recently and motorists had been parking for free up to this time. The lot was barricaded this morning while the installation work was being done.

Paper Seeks Action In 'News Pilfering'

MADISONVILLE, Ky. (AP) — Publishers of the Madisonville Messenger sought a permanent injunction Tuesday against owners and operators of radio station WFMW and WFMW-FM to prevent the stations from "pirating and pilfering news" from the daily newspaper.

The hearing before Circuit Judge C. J. Waddill stemmed from a suit filed May 11 against the stations by the Madisonville Publishing Co., which seeks \$70,000 damages.

Judge Waddill took the case under consideration and allowed both plaintiff and defendant 10 days in which to file briefs.

Singer Cautions On Itinerants In Tanks' Cleaning

LISBON — A note of caution against the hiring of itinerant septic tank cleaners has been issued by Dr. M. K. Singer, Columbiana County health commissioner.

He advised householders to have solicitors display their county permit. "Better yet," he advised, "check the telephone director for a licensed operator when septic tank cleaning is required."

He pointed out that too many of the itinerants "charge exorbitant fees, don't do a thorough job and dump their tanks at the first isolated spot they find."

"We get telephone calls every year from people who feel they have 'been taken'."

No One Injured In Area Crashes

No one was injured in three area traffic mishaps reported by the Ohio Highway Patrol at Lisbon Tuesday.

Kenneth Ray Woods, 16, of Rogers R.D. 1 was cited for speeding after his 1960 coupe veered off a curve of Route 154 just east of Rogers at 5 p.m. and struck a tree.

Barry Whitaker, 19, of Maple Hill, Salineville, and Yvonne Backel, 33, of Burgettstown, Pa., were unhurt after their vehicles collided on Route 30 just east of Minerva at 12:40 p.m.

Officers said the woman was headed west and attempted to pass the other car as it made a left turn into a service station.

Harriman To Make Trip To Cambodia Next Month

WASHINGTON (AP) — Special presidential envoy W. Averell Harriman will travel to Cambodia early next month for talks with Prince Norodom Sihanouk, says the State Department.

Robert J. McCloskey, press officer, told newsmen Tuesday that the talks would deal with U.S.-Cambodian relations. He did not rule out the possibility that the American prisoners held by North Viet Nam also would be discussed.

Cambodia broke off relations with the United States in May 1965 after a series of border incidents. In December, the State Department reaffirmed U.S. respect for Cambodia's neutrality and territorial sovereignty in connection with the Viet Nam war but U.S. troops were authorized to fire across the Cambodian border when fired upon from outposts there.

Road Will Serve Industrial Park

The Beaver County commissioners Tuesday agreed to serve as sponsors for construction of a small road to serve an industrial park area in Darlington Township.

The road will cover 1,600 feet along a railroad. The commissioners accepted a \$1,200 contribution from the township and it was agreed the township will assume maintenance when the road is completed.

Michael Baker Jr., Inc., was instructed to prepare plans and specifications and advertise for bids.

The commissioners gave an additional \$7,000 grant to the Beaver County Mental Hygiene Clinic for stepped-up services.

Podgorny Re-Elected As Soviet President

MOSCOW (AP) — Nikolai V. Podgorny was re-elected president of the Soviet Union today by the Supreme Soviet, or Parliament.

The unanimous vote was a formality. The Parliament, elected June 12, reappointed Alexei N. Kosygin as premier Tuesday. Neither man was named to a fixed term.

Both were nominated to continue in office by Leonid I. Brezhnev, general secretary of the Soviet Communist party. Both, like Brezhnev, are members of the party's 11-man politburo, its top organ.

Big Victory For Williams In Senate Bid

By The Associated Press

Former Governor G. Mennen Williams, a strong supporter of President Johnson's Viet Nam policies, stormed to a big victory Tuesday over Detroit Mayor Jerome Cavanagh for Michigan's Democratic U.S. senatorial nomination.

In other top primaries, State Sen. Don Samuelson upset Idaho Gov. Robert E. Smylie in his bid for the Republican gubernatorial renomination and Sen. James B. Pearson and Gov. William H. Avery won renomination in the Kansas Republican primary.

Williams, 55, who served six terms as Michigan's governor, was endorsed by most of the state's powerful union leaders. His November opponent will be Sen. Robert Griffin, who was unopposed in the Republican primary.

Williams, who visited all of the state's 83 counties during the bitter campaign, jumped into an early lead over the Detroit mayor and pulled steadily ahead. Sharpest issue of the race, which attracted national attention, was the administra-

tion's war policy. Cavanagh opposed escalation and called for greater U.S. nonmilitary efforts in Viet Nam.

After Cavanagh's defeat, Republican Griffin went to his headquarters in an attempt to seek support for the race against Williams. But the senator was unable to see the mayor.

Williams told Cavanagh he and "all his supporters" were welcome "to join with us in the job that has to be done."

Idaho's Samuelson, who piled up steady pluralities in most of the state's 44 counties, was backed by the party's more conservative elements in his race against Smylie.

Although Smylie campaigned for Goldwater in 1964, he called for reorganization of the party after the overwhelming Goldwater defeat and is considered a moderate. The governor has been in office since 1954.

Despite the heavy intraparty political overtones, the main issues in the campaign were Smylie's 12-year tenure as governor and a 3 per cent sales tax enacted by the State Legislature at his request.

Democratic Sen. Len B. Jordan had no opposition in the Idaho primary and will face former congressman Ralph

Harding in the November election.

Pearson, 46, who will now make his first run for a full Senate term, also was endorsed by the party's conservative leaders in his Kansas race against Ellsworth, 40, who won election to the House six years ago.

While in Congress, Ellsworth was identified with the moderate wing of the Republican party. He trailed Pearson closely in early returns but soon fell about 20,000 votes behind.

Pearson will face former congressman J. Floyd Breeding, who won an easy victory in the Kansas Democratic senatorial primary.

Gov. Avery, who declared his margin of victory exceeded his highest hopes, will face Robert Docking, Arkansas City banker, in the November Kansas gubernatorial election. Avery ran far in front of Dell Crozier of Wichita.

In Missouri, three incumbent congressmen won renomination in contests: Democrats Richard H. Ichord of the 8th District and Paul C. Jones of the 10th District and Republican Durward G. Hall of the 7th District.

Robert L. Sharp won the nomination in the 1st District Republican primary race and will face veteran Democratic incum-

bent Rep. Frank Karsten, who had no primary opposition.

State Auditor Haskell Holman easily won Democratic renomination in the only state-wide race in Missouri.

Plans Announced For New Playlot At Shippingport

The recreation committee was authorized to begin construction of a playground when the Shippingport Borough Council met Tuesday night.

Robert Christy, chairman of the committee, said the playground will be constructed behind the community building and will be built with volunteer labor in the most part. Any funds needed to complete the project will be taken from the general fund, he said.

Bills of \$200 were approved for payment.

The next meeting will be Sept. 6 at 7:30 p.m. at the Borough Building.

In Aftermath Of Sniper Slayings

Sponsors Being Cautious On Gun Curb Legislation

WASHINGTON (AP) — Facing a maze of roadblocks, sponsors moved cautiously today in an effort to steer gun control legislation toward Senate action in the aftermath of the Texas massacre that left 16 dead and 31 wounded.

Despite prodding by President Johnson for legislation "to help prevent the wrong persons from obtaining firearms," there appeared little likelihood of immediate action.

Sen. Thomas H. Dodd, D-Conn., author of a controversial gun control bill approved by the Senate Juvenile Delinquency subcommittee, asked for a special meeting of the full Senate Judiciary Committee to pass on it.

Chairman James O. Eastland, D-Miss., said he would call a meeting at "the earliest opportunity" but indicated that might not be until next week.

In any event, Dodd said he doesn't know whether the measure, designed to control the interstate shipment of firearms, can get full committee approval.

Concurring in this uncertainty, Senate Republican leader Everett M. Dirksen said in a separate interview he thinks a compromise must be reached before the committee will approve the measure.

If a bill comes out of the Judiciary Committee, it must go next to the Senate Commerce Committee. A member of this panel, Sen. Thurston B. Morton, R-Ky., said he believes some legislation can be worked out.

But Morton pointed out the pending bill would not have prevented Charles J. Whitman from amassing the arsenal of weapons he used in his sniper attack from the University of Texas Tower in Austin.

"I think it might be worthwhile to consider the idea of registering rifles, shotguns and pistols," he said. "If a citizen has to register his car, he could be required to register his guns."

As approved by the Juvenile Delinquency subcommittee, the bill would ban the mail order sale of pistols and revolvers and limit over-the-counter sales to persons 21 years or older who made purchases in their home states.

Rifles and shotguns could be sold directly to persons over 18. But for mail order purchases, buyers would have to supply age, residence and criminal record, if any, and comply with state gun regulation laws.

Sellers of rifles and shotguns by mail would have to submit this data to the police chief in the purchaser's home town. If the latter made no objection within seven days, the sale could be completed. Any felony record would bar a sale.

In Austin, officers said they located the origin of only one of the weapons Whitman used — a 12-gauge pump shotgun which was purchased on credit at a department store.

His arsenal also included three rifles and three pistols. Police said the rifles could have been purchased at most sporting good stores.

The sniper attack brought a chorus of demands for gun control legislation. Gov. John B. Connally of Texas said, "It appears there is nothing you can do short of outlawing guns for every person in the country. And even that probably wouldn't do it."

But Sen. Roman L. Hruska, R-Neb., said it would be "deplorable to trade on the emotion generated" by the incident to push through a weapons bill.

Boy In Car Case Given Probation

LISBON — An East Liverpool youth, 17, was placed on probation for one year Tuesday in Columbiana County Juvenile Court after admitting the theft of a car.

Judge Louis Tobin placed him on a 7 p. m. curfew for the first six months and a 9 p. m. curfew for the balance of the probationary period and ordered him to spend the next two weeks in detention at the County Jail.

East Palestine police apprehended the youth Monday midnight a couple of hours after William Buck of 952 Main St., Wellsville, notified police someone had taken his car which had been parked in front of his home.

Pittsburgh Youth, 18, Killed In Car Wreck

DUNKIRK, N.Y. (AP) — Robert G. Lutz, 18, of Pittsburgh, Pa., was killed Tuesday when his automobile missed a curve, struck a bridge abutment and plunged 14 feet into a creek in this community.

Lutz had been living with his mother, Mrs. Mary D. Richardson, at their summer home at nearby Van Buren Bay on Lake Erie. He was enroute to his summer job at the Allegheny Ludlum Steel Corp. plant here when the accident occurred.

The family address is 25 Shanopin Drive.

The seashore sand locust endures dune temperatures up to 135 degrees Fahrenheit simply by jumping about. The grasshopper leaps into the air that may be 50 degrees cooler a few feet above the hot sand's surface.

Stolen Car Believed In Strip Mine Area

A car stolen here Monday apparently is somewhere in the outlying district, hidden in a strip mine area, police reported today.

A radio communication was received by the local department shortly before 2 a. m. today that the license plates from a car owned by James E. Marshall of 326 E. 9th St. were recovered in Maple Heights, Cleveland.

The plates apparently were being used on another vehicle. The suspect taken into custody said Marshall's car was driven into a strip mine area near East Liverpool and abandoned.

The stolen car is a light blue 1966 Ford.

Bird Bath And Birds Are Found By Police

Lose any lawn decorations? City police are holding some new-looking decorations found on St. Clair Ave. between Azalea and Burrows Aves. Monday night.

They consist of a bird bath and two large white birds. Police believe the articles were taken from someone's yard by juveniles and then abandoned along the street.

Service Projects Reports Given At Circle Sessions

Reports of service projects were heard during the circle sessions of the Christian Women's Fellowship of the First Church of Christ Monday.

Mrs. Mary Ellen Wheeler, president, conducted business for the afternoon meeting of Naomi Circle in the social rooms, with six present. Mrs. Doris Marshall read the minutes.

The program topic, "Rags To Riches," was discussed by Mrs. Marshall, who used the study book "Long Forks." Mrs. Laura Weiford, assisted by Mrs. Rachel Shingler and Mrs. Verlie Fry, conducted devotions on a corresponding subject.

The next session will be Sept. 12 at the church.

MRS. ELSIE Smith gave the service report during the meeting of Esther Circle in the evening at the church.

Mrs. Ruth Smith conducted devotions before a worship center that symbolized the meaning of the Scripture. The red cloth stood for the missionary purpose, the cluster of maple leaves symbolized the fellowship of Canada and the little white church represented Christ as the cornerstone.

A study of the disciples of Christ in Canada was given as

devotions by Mrs. Charlotte Keller, who used the theme "Let Us Now Praise Famous Men." She was assisted by Mrs. Verna Boulton, Mrs. Elsie Smith, Mrs. Ruth Smith and Mrs. Hilditch.

Refreshments were served eight by Mrs. Elsie Smith. The next evening session will be Sept. 12 at the church.

NINE ATTENDED the evening meeting of Leona Holroyd Circle with Mrs. Mabel Hall of Broadview Circle.

Mrs. June Costello gave a preview of the next six months' study of "Disciples of Canada." Mrs. Mildred Aley conducted devotions.

Business was conducted by Mrs. Hall, president, with reports heard from Mrs. Mary Dailey, secretary, and Mrs. Beulah Franklin.

Miss Mildred Rose of Riverview St. will be hostess Sept. 12, with Mrs. Erna Dean Clark associate hostess.

Regional Colt Event To Open Thursday

Four states will be represented when the Eastern Regional Baseball Tournament opens Friday at the East Liverpool Colt Field.

East Liverpool will be one of five teams in the field which includes Warren, Ohio, Rochester, N. Y., Kanawha Valley All-Stars from Charleston, W. Va. and the Mon-Yough All-Stars from the Monessen-Charleroi area.

DON E. SMITH, tournament director, pointed out that each team represents a state champion with Charleston winning the West Virginia title; Rochester, the Western New York crown and Mon-Yough, the Pennsylvania title.

Warren eliminated Maumee, 10-0, Monday to win a share of the Ohio title while East Liverpool will represent Eastern Ohio. By playing host to the Regional tournament, East Liverpool was not required to play in previous eliminations.

EAST LIVERPOOL will open the tournament Thursday at 2 p. m. by opposing Kanawha Valley

while the second game Thursday at 5:30 p. m. finds Mon-Yough meeting Warren.

Rochester drew a first round bye but will face the winner of the Mon Yough-Warren game Friday at 5:30 p. m. At 2 p. m. Friday, the two losers from Thursday will meet in the double elimination tournament.

The tournament will continue Saturday with games at 10 a. m., 2 p. m. and 5:30. Finals will be held Sunday. The winner of the East Liverpool Regional will advance to Divisional play at Marion, Ohio with Division winners there progressing to Shawnee, Okla.

ROCHESTER won the Western New York title by defeating Buffalo twice, 1-0 and 5-3 on the pitching of Steve Hronjak. The New York team sports an outstanding hitter in Terry Cleveland who stands 6-4, weighs 195 pounds and is hitting at a sizzling .540 clip.

Kanawha Valley gained the Regional level by eliminating the Eastern Ohio stars by scores of 8-1 and 6-1.

THE MON-YOUGH team from Pennsylvania is managed by Ed Musial, brother of former St. Louis Cardinals star Stan Musial.

The out of town teams will be quartered at the Travelers Hotel and will eat daily at the Plaza Restaurant at the shopping center in Calcutta.

Admission to the tournament will be \$1 for adults daily and 50 cents for children. Reserved seat sponsor tickets are being sold for \$10.

McLain Heeds Advice Of Dressen, Quits Fooling Around With Curve

By MURAY CHASS

Associated Press Sports Writer

Charlie Dressen had some fatherly advice for Denny McLain, a happily married man: Quit playing around with curves.

McLain took the advice and stayed out of trouble for the first time in exactly three weeks, pitching a four-hitter Tuesday night as Detroit defeated the Chicago White Sox 5-0.

McLain, the Tigers' ace 22-year-old right-hander, hadn't won a game since the All-Star Game July 12 at which time his family, including father-in-law Lou Boudreau, watched him hurl three perfect innings as the American League's starting pitcher.

"I was beginning to think I was never going to win another one," said McLain, who was

battered for 19 runs in 18 1-3 innings — that's an earned run average of 9.34—while dropping four straight games.

Then a few hours before going out to face the White Sox, McLain received a telephone call from Dressen, the Detroit manager who is recuperating from an early season heart attack.

"He told me to quit fooling around with the curve ball or else I'd be right back where I started," McLain said after blanking the White Sox.

"Bill Freehan (Tiger catcher) and I were talking about the same thing a couple of days ago. We figured that three of the four losses I suffered were because of mistakes I made with the curve."

En route to his 14th victory

against eight defeats, McLain gave up just four singles and allowed only one runner to reach second base.

Elsewhere in the AL, Baltimore trimmed Cleveland 8-6, California edged New York 6-5 in 11 innings, Minnesota downed Boston 7-3 and Kansas City nipped Washington 4-3.

In the National League, San Francisco edged New York 5-4, Pittsburgh nipped Los Angeles 6-5, Philadelphia eased by Houston 4-3, Cincinnati defeated St. Louis 6-3 and Chicago stopped Atlanta 6-5 in 12 innings.

Orlando McFarlane, who caught McLain for the first time, supported his battery mate with a two-run homer in the fourth inning. Gates Brown homered for the Tigers in the eighth.

Paul Schaal lined a shot past Mickey Mantle in center field in the 11th inning and raced around the bases for an inside-the-park home run, giving California its 28th victory in 39 one-run games. The Angels tied the game 5-5 in the ninth on run-scoring singles by Jay Johnstone and Jim Fregosi.

Dave Johnson led the Baltimore attack, driving in four runs with a homer and sacrifice fly. The Orioles jumped on Sam McDowell for five runs in the third inning, but they needed Johnson's homer to snap a 5-5 tie in the seventh. Rocky Colavito homered for Cleveland.

Rico Petrocelli tied the game 3-3 for Boston in the eighth, but Jimmie Hall won it for Minnesota in the ninth with a two-out grand-slam homer off Don McMahon. Don Demeter hit a two-run Red Sox homer while Tony Oliva drove in two Twins runs with a single.

Bert Campaneris capped Kansas City's three-run rally in the sixth inning with a two-run, inside-the-park homer. Ed Charles had tied the game 2-2 when he led off the inning with a triple and scored on Ed Brinkman's error. Ken McMullen knocked in two Washington runs with a single and a double.

Marichal Notches 17th Victory

By DICK COUCH

Associated Press Sports Writer

Juan Marichal and Manny Mota, whose last get-together gave San Francisco a big scare, have held a long-distance reunion...and given the Giants a big lift.

Pittsburgh's Mota, a former Giant outfielder who inadvertently put Marichal out of action a week ago, doubled home an eighth-inning run Tuesday night that gave the Pirates a 6-5 victory over Los Angeles.

Marichal, meanwhile, made his first appearance for the Giants since Mota slammed a car door on his pitching hand and beat New York 5-4 for his 17th victory, tying the Dodgers' Sandy Koufax for the major league lead.

The combination of San Francisco victory and Los Angeles defeat sent the Giants back into first place in the tight National League race, one game ahead of the Dodgers and Pirates.

The car-door incident occurred last Tuesday night in San Francisco, when the two longtime friends from the Dominican Republic got together after a Giants-Pirates game. The middle finger on Marichal's right hand was gashed and the Giant ace missed his next starting turn.

His status still was uncertain until the eighth inning Tuesday night, when he came out of the bullpen to choke off a Met rally and pick up the decision in his first relief venture of the year.

Mota, whose .350 average leads the league but who has not batted enough times to qualify, also was a late-inning replacement Tuesday night. He failed as a pinch hitter in the sixth inning but came through with the deciding hit off reliever Ron Perranoski after Bill Mazeroski's single, a sacrifice and a walk set the stage in the eighth.

Elsewhere in the NL, Cincinnati beat St. Louis 6-3, Philadelphia edged Houston 4-3 and Chicago topped Atlanta 6-5 in 12 innings. Baltimore outscored Cleveland

8-6, Detroit shut out Chicago 5-0, Minnesota trimmed Boston 7-3, Kansas City nipped Washington 4-3 and California downed New York 6-5 in 11 innings in American League play.

Ossie Virgil drove in three runs, pacing the Giants' comeback from behind victory over New York. His two-run single highlighted a three-run rally in the eighth, which sent the Giants ahead 5-3, and Marichal protected the edge after the Mets scored a run off Frank Linzy in the bottom of the inning.

Homers by Ken Boyer and Bob Taylor had helped New York build an early 3-1 lead.

The Pirates spotted Los Angeles a 3-1 margin on homers by Lou Johnson and Jim Lefebvre.

Star Is Born Each Year In College-Pro Classic

By JOE MOOSHILL

Associated Press Sports Writer

CHICAGO (AP) — Somehow, somewhere a player will make a lasting name for himself Friday night when the College All-Stars meet the Green Bay Packers in Soldier Field.

That name could be among such backs as Donny Anderson of Texas Tech, Jim Grabowski of Illinois, Roy Shivers of Utah State or linebackers Doug Buffone of Louisville, Tommy Nobis of Texas and Don Hansen of Illinois or end Aaron Brown of Minnesota.

Or somewhere along the line it might be a player who makes his way among the ranks of the unknown.

Down through the years, players who have excelled in the All-Star Game have gone to greatness in professional football.

(Stars dealt the Green Bay Packers a 6-0 defeat on a Sammy Baugh to Gaynell Tinsley touchdown pass.

The following year Cecil Isbell of Purdue directed the All-Stars to a 28-16 triumph over Washington.

The Collegians had to wait five years for another victory and then topped the Washington Redskins 27-7 when Otto Graham intercepted a Baugh pass and ran 97 yards for a touchdown.

Graham, currently coach of the Redskins, was the All-Star coach for seven years before John Sauer became the pilot this year.

In 1946, Elroy Hirsch rambled 68 yards for a touchdown and then grabbed a 38-yard pass from Graham for still another score as World War II players were still eligible for competi-

George Ratterman of Notre Dame became a sudden hero in 1947 as he fired a pair of touchdown passes for a 16-0 triumph over the Chicago Bears. Ratterman had been a second stringer for the Irish before proving himself in the All-Star Game. Charles Gogolak of Princeton is the field-goal booter for the All-Stars this year. If things go right he might be the hero of the game.

Frank Beard finished third in the 1965 U.S. Open in St. Louis and this year in San Francisco he tied for 17th.

Blanda Sparks Oilers To Exhibition Victory

By TED MEIER
Associated Press Sports Writer

There's nothing wrong with George Blanda, at 39 still one of the best quarterbacks in pro football.

Johnny Unitas and Sonny Jurgensen, two other veteran quarterbacks, try tonight to show they are okay, too.

Blanda fired the Houston Oilers to a 26-17 victory over the Oakland Raiders in an American Football League exhibition Tuesday night. Unitas, of the Baltimore Colts, and Jurgensen, of the Washington Redskins, battle each other in a National League exhibition tonight.

Blanda delighted a Houston turnout of 36,935 by passing for two touchdowns in addition to kicking four field goals and two extra points. Altogether Blanda passed for 144 yards and played what coach Wally Lemm termed a "very good game."

A sellout of 46,000 is expected for the Unitas-Jurgensen meeting in the Washington, D.C. Stadium. Unitas, who underwent surgery during the winter, tests his injured right knee. Jurgensen, trimmed down to 195 pounds, is expected to create a

good or bad image for the 1966 Redskins.

Jim Nance also showed Tuesday night that he may be one of the best backs this season for the Boston Patriots, the 245-pound fullback from Syracuse starred in the intra-squad exhibition charity game at Quincy, Mass., as the Patriot veterans beat the rookies 16-2. He ground out 58 yards in 12 carries and caught three passes for 63 yards.

In another development Tuesday night John Brodie, holdout quarterback of the San Francisco 49ers, arrived at San Francisco from Honolulu amid reports that he was near signing a contract.

"No comment" was Brodie's reply to all questions.

Bob Long, of the NFL Green Bay Packers, re-injured his knee trying to catch a pass during a workout for the Packers' Friday night game in Chicago against the College All-Stars.

Fullback Cookie Gilchrist, who said Monday he didn't want to play with Denver in the AFL, will be placed on the league's reserve list. Jim Burris, executive vice president of the Broncos, said this is equivalent to suspension.

Patterson, McDaniel Win Medal Play

R. T. McDaniel and Bob Patterson team up to win Saturday's best ball medal play by firing 60 in men's golf play at the Country Club.

Dr. R. J. Kinsey and Ron Kinsey finished second with 62 while 63's were turned in by Rick Crable and Dick Crable, Bill Hocking Jr. and Bruce Burbick, E. B. Rohrer and W. L. Smith and Bob Bowesrock and Dr. Frank Bragg.

In the second division, Bob Goodman and L. W. Smith Jr. won honors with 63.

Dr. Bragg finished six up to win Sunday's match play vs. par event, Bob Wells was three up and E. B. Rohrer and J. T. Smith were two up. The second division went to Ed Adkins at five up.

Men's first round championship matches must be completed this week. The putting championship will be held Saturday under the lights with patio dinner before golf.

Leroy Kelly To Get Chance At Fullback

HIRAM, Ohio (AP)—Leroy Kelly gets a chance to show what he can do at fullback Saturday night, when he fills Jimmy Brown's old spot in the opening Cleveland Browns exhibition game at Los Angeles.

This will be the first time since 1957 that anyone other than Jim Brown has started at fullback for the Browns.

The 205-pound Kelly, now in his third pro season, says he is looking forward to starting at fullback.

Another change in the Browns' offensive lineup will have Ralph (Catfish) Smith at tight end in place of Johnny Brewer, who moved to line-backer this season.

Mike Howell, one of the fastest men on the squad, may get a chance to start at the free safety post. He and Bernie Parrish have been alternating at that position in the scrimmages.

Howell, a second-year man, lacks Parrish's experience, but he is taller and his speed could help him at safety.

On the defensive line, Walter Johnson will be at the tackle spot played by Dick Modzelewski last season. Johnson, a 270-pounder, came along fast at the end of last season, and continued to look good in training sessions here.

The highest payoff in the Kentucky Derby was \$184.90 when Donerail won in 1913.

Leading Net Players To Perform Here

An exhibition tennis match between Bob Bennett of Sewickley, tennis pro at Oglebay Park, Wheeling, and Bob Hetherington, one of the top district players, will be staged at the Thompson Park courts Monday at 6:30 p. m.

George Vukas of Newell, who arranged the match, said the Crucible Steel Co. officials at Midland will host the two players with a dinner and tour of the Midland plant.

Bennett, 23, has been ranked top player in Western Pennsylvania in 1962-65, compiling a record of 132 wins and three

losses in four years in the tri-state area. He was an alternate on the U.S. Junior Davis Cup Team in 1964.

Hetherington, 25, was Canadian squash champ in 1965 and ranked fourth in the U.S. the same year. He was No. 1 player on the Yale University tennis team while in college, and toured overseas, playing at Wimbledon at London twice.

Hetherington defeated Bennett 6-4, 1-6 and 6-4 in the 1965 Western Pennsylvania Championship finals. The pair has played three challenge matches this year, with Bennett taking two, with Bennett taking two.

Vukas said the event has been arranged to expose top tennis players to the district's young tennis enthusiasts, and that all invited to attend.

Clay To Ban Public From Last Workout

LONDON (AP)—World heavyweight champion Cassius Clay has banned the public from his final workout today for his title fight Saturday with Britain's Brian London.

Reason for the secrecy: Spies, says Clay.

"Spectators are banned from now until fight time," Clay told newsmen.

"There are too many spies here, spies sending films and reports of my training back to Brian London."

The former British heavyweight champion said he expected to tip the scales at his best

fighting weight of 198 pounds on Saturday.

Clay now weighs 205 1/2, just over three pounds heavier than when he stopped British heavyweight champion Henry Cooper in the sixth round of their London title fight May 21.

Said London: "I have never felt better. And I'm not talking only about my physical condition. In the old days I never seemed to be in quite the right shape psychologically."

"I was sullen and impatient. Now I'm relaxed."

"I know I'm the underdog but so was Clay when he beat Sonny Liston, and the betting against England was something like 8-1 when they set out to win the World (Soccer) Cup."

The largest number of Kentucky Derby starters was 22 in 1928.

Potters Bank Downs Super Foods By 7-3

Potters Bank defeated Super Foods 7-3 Tuesday in the Wells-ville Babe Ruth League.

Mike Messer was the winning pitcher and collected two hits at the plate. Gary Rosenlieb and Ernie Carter also chipped in with two hits. Person was the losing hurler.

CHAMPAIGN, Ill. (AP)—Ohio University pitcher Tom Murphy has been named to the 19-man squad of collegiate baseball players representing the United States in the World Amateur Tournament at Honolulu Aug. 22-29.

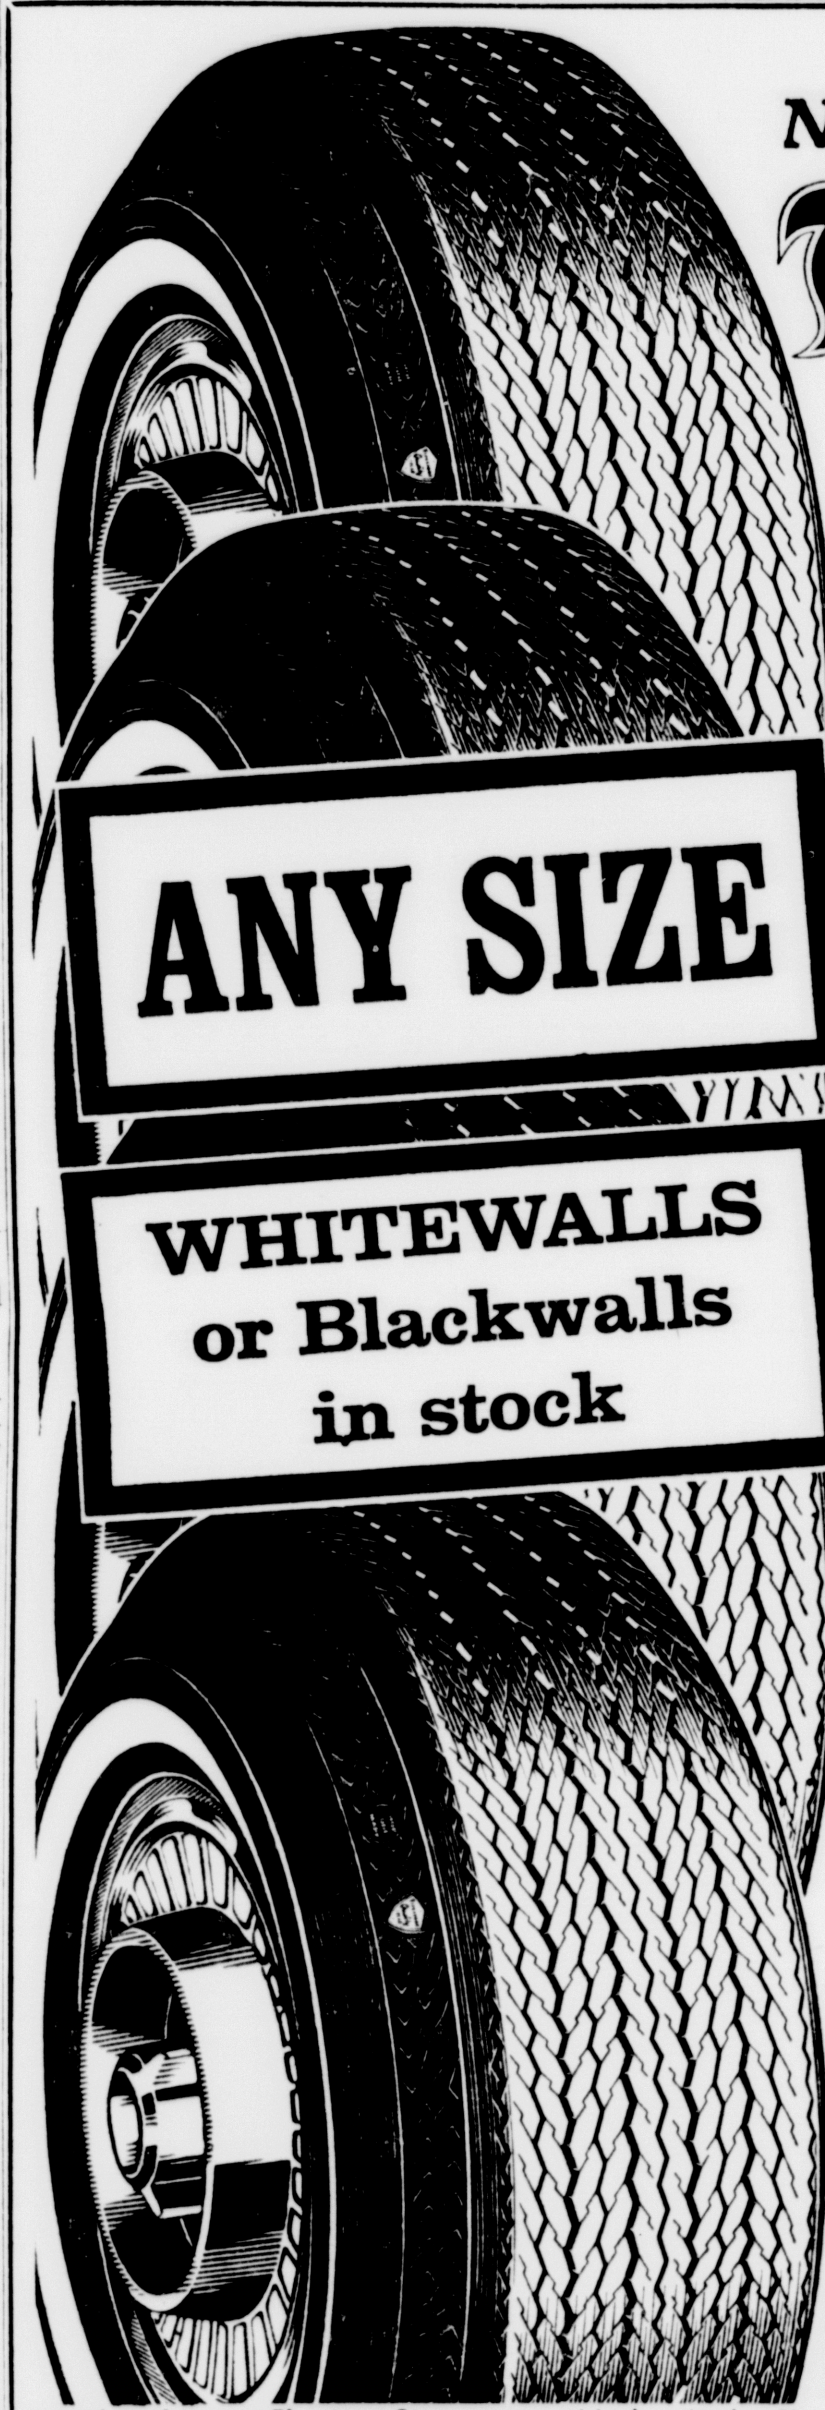

Steubenville Legion Rebounds For 3-0 Win

ATHENS, Ohio (AP)—Lima and Fremont faced a suspenseful situation as they got set to launch today's action in the Ohio American Legion Baseball Tournament.

With elimination from the two-losses-and-out event facing the loser, they were picking up Tuesday's rain - halted game with the score 2-2 in the last of the seventh—and Fremont having two on and two out.

Second-day games Tuesday reduced the original 14-team field to 12 as Steubenville trimmed Cambridge 3-0 and Piqua beat Garfield Heights 7-3 in rain-shortened tussles.

All Tuesday afternoon games were washed out and rescheduled for this morning. They matched Cincinnati Bentley (1-0) vs. Hudson (0-1) and in battles of the unbeaten, Lancaster-Hillsboro, Ashtabula-Grove City, and Ashley-Ottawa.

Rain Forces Public Links To Start Late

COLUMBUS, Ohio (AP)—“Near zero” chance of rain, said the weatherman, and the big field assembled to tee off today at Oakhurst Country Club a day late in the shortened 1966 Ohio Public Golfers Invitational Championship.

The first 18-hole round of the state’s top amateur golf event was canceled Tuesday after an early morning deluge dumped nearly an inch of rain on the area in about 15 minutes.

The medal play tournament was cut from 72 to 54 holes over the right 6,685-yard Oakhurst course. The field of 240 will be cut to 60 when the tournament enters its final rounds Friday.

Leo Zampardo of Warren held the favorite’s position going in. He scored a two-under-par 70 in an amateur-amateur preliminary round Monday and was the only man in the field to break par.

Zampardo was runnerup in last year’s National Public Links Tournament.

Football Shows Loss In Palestine’s Season

EAST PALESTINE — East Palestine High School’s football program went into the red \$1,350 during the 1965-66 season, while basketball showed a \$10 profit, the Athletic Council reported.

Football earned \$6,090, with expenses totaling \$7,449 the report showed. The biggest single game receipts were from the West Branch contest — \$1,300 — while Beaver Local accounted for the second largest, \$1,238.

Basketball revenue amounted to \$2,830 and expenses totaled \$2,820.

Fifty-seven major league home runs were hit in Houston’s Astrodome last season.

Midland Drops Playoff Opener To New Castle

Limited to one hit, Midland Post 481 dropped a 5-2 decision to New Castle Tuesday but will attempt to even the series today at 6 p. m. at Crucible Field.

The two teams meet in the second game of the best two out of three playoff in the Sectional Legion Tournament.

Midland, the Beaver County champs, scored in the first inning when Jan Samuels drove in a run with the only hit by Post 481.

New Castle came on to score single runs in the third, fourth and fifth frames and added two more in the sixth.

Bob Williams started for New Castle but was relieved in the sixth because of an injury to his hand. Jack Neve came on to pitch four brilliant innings of no-hit relief ball striking out seven batters.

Clarence Andrews started for Midland but ran into control trouble and Ray Hendershot finished the contest.

Broncos Plan To Sue Cookie

DENVER, Colo. (AP)—The Denver Broncos said Tuesday they intend to sue rebellious fullback Cookie Gilchrist for about \$200,000 in funds they say they advanced him.

The team management had a legal notice of intent to sue served on Gilchrist Tuesday afternoon. Gilchrist’s lawyer said he would not respond to the notice until he sees specific complaints.

The Broncos’ announcement came in the wake of Gilchrist’s resignation from the club, accompanied by several verbal slaps at the team’s management.

Gilchrist said in a letter that the management of the American Football League team was not interested in producing a winning team.

Richard S. Kitchen, the Broncos’ secretary and legal counsel, said Gilchrist received a \$200,000 advance on his salary when he first came to Denver last year and has repaid \$10,000.

Kitchen said also Gilchrist owes the team money for “Bills for which we have paid,” including some airline fares. Jim Buris, the Bronco executive vice president, noted that the fullback had the use of some “general credit cards.”

The Broncos also placed Gilchrist on the AFL rve list, an act equivalent to suspension. They said they have “no plans whatsoever of reactivating him.”

Colla, Schefer Lead Ohio Junior Golfers

WHITTIER, Calif. (AP)—Ralph Colla Jr. of Youngstown and Gary Schefer of Sandusky, with 79s, led the Ohio contingent in Tuesday’s first qualifying round of the U.S.G.A. Junior Golf Championship.

Bellevue Grid Coach Is Bound To Grand Jury

BELLEVUE, Ohio (AP)—The head football coach at Green Springs High School was bound to the Huron County Grand Jury Tuesday on charges of malicious entering and malicious destruction of property.

The coach, G. Ronald Shafer, 25, has pleaded innocent to both felony counts. He is currently serving a 30-day jail sentence after being convicted of a suspicious-person charge.

Police said they arrested Shafer July 15 in a Bellevue parking lot. They said he had a golf club which was used by the person who broke into the junior high school here and smashed several pieces of equip-

ment, including a sports trophy case.

A golf club also was used, police said, to smash typewriters, clocks and washing machines during a break-in at the Columbia Gas Co. office.

Man Hospitalized

Car Runs Wild, Damage Is Heavy

A city man was hospitalized with injuries suffered when the car he was driving went out of control on Jefferson St. Tuesday afternoon, striking five other vehicles and a building, causing damage expected to run into the thousands of dollars.

The driver, Lawrence E. Blakely, 66, of 219 W. 6th St., was charged with reckless operation following the spectacular mishap at 4:04 p.m. on Jefferson at Summit Ln.

PATROLMAN L. E. Richard, who investigated, said the car operated by Blakely jumped the curb on Jefferson at Summit Ln., hit the rear of a parked vehicle and traveled 81 feet along the sidewalk, then continued into the parking area of the Cermak Garage at the corner of Jefferson and W. 6th St., striking another car.

Blakely's car then moved across the parking area and hit three other vehicles parked along the front of the garage and then slammed into the large double doors at the front of the building.

Blakely was driving a 1956 sedan owned by Edna Shea of 245 W. 6th St. It was demolished.

The first car he hit was a 1964 sedan owned by Earl A. Stratton of 120 W. 6th St. The entire right rear of the Stratton car was damaged.

The owners and damage to the other four vehicles follow:

William Southall of 349 Garfield St., 1954 sedan, right rear bumper, fender and splash guard.

Murl Bair of 913 Bradshaw Ave., 1961 sedan, rear bumper.

Prokop Dental Lab, Inc., of 247 W. 6th St., 1964 sedan, rear and right front, and.

Ben Hipsley Motors, Inc., of 119 W. 5th St., 1961 station wagon, left front and right side.

The doors and some bricks on the building were damaged.

Blakely told police a car pulled

from an alley into his path, but he does not recall what happened after that. The investigating officer said the car pointed out by Blakely as the one that pulled into his path was parked and had been parked all day. Blakely was in "fair" condition today at City Hospital.

NO ONE was injured in two other mishaps investigated Tuesday.

A car operated by Carolyn E. Chan, 27, of 2136 Ohio Ave., backed into a porch at the home of Donald A. Ramsey of 511 Maryland Ave. last night at 10:15.

She told police she was backing from Ridge Alley and said she thought she only hit hedges and not the porch.

The rear of a large tractor-trailer van hit the side of a parked car owned by Harold Haynes of 744 Cain St. at 12:09 p.m. on Washington St. at Drury Ln.

The truck driver, Willard M. Herberg, 46, of Arlington, Ind., told police he was attempting a right turn from Washington into Drury Ln. when the rear of the van caught the side of the car, caving in the door.

'Missing' Names Asked In Reunion

The committee for the reunion of the 1941 class of East Liverpool High School is trying to locate 33 classmates. Anyone knowing of their place of residence is asked to contact Jack Kelly or Dan Hancock.

They are Robert Amos, Barbara Bulger, Harold Cline, John Cramer, Leonard Dallas, Virginia Dash, Helen Farley, Harvey Frantz, Caroline Fritz, Vilas Gamble, Mary Gough, Darrell Haight, Gerald Heckathorne, Naomi Henry, Charlotte Howard, James Hughey, Jane McClure, Gloria McNutt, Nella P. Morton, Kathleen Redmond, Doris Rowe, Jack Sevey, Kenneth Shenkel, Bert Simbala, Evelyn Snyder, Betty Swickard, Marcia Truxton, Betty Tucker, Ruth Webster, Helen Wilson, John Taylor, Dorothy Thomas and James Pethel.

Plans were advanced for the reunion Aug. 27 at the IBOP headquarters during a committee meeting Tuesday night at the Ohio Valley Gas Co. building.

Gary Moore reported that 117 reservations have been received to date and that reservations should be turned in as soon as possible.

It was decided to have registration from 7 to 9 p.m., followed by a smorgasbord dinner and dancing to the music of the Ruth McKensie orchestra. Prizes will be awarded.

GE And Union Set For Contract Talks

CINCINNATI (AP) — Contract negotiations between the General Electric Co. and two unions representing most of the employees of the huge jet engine plant at suburban Evendale are expected to start within two weeks.

A company spokesman said Tuesday no date had been set for the meetings with the unions which called brief strikes earlier this year to protest alleged backlogs of grievances.

The unions are Local 647 of the United Automobile Workers and Local 912 of the International Association of Machinists. The auto workers notified GE Monday they would terminate the present contract at midnight Oct. 2 unless a new agreement is reached.

Distribution Of Foods Will Be Held Monday

Distribution of surplus food to residents of the Midland, Industry, Ohioville and Smiths Ferry area will be held Monday at 11 a.m. to 3 p.m. at the USW-CIO building in Midland. Benedict Zupl, Beaver County surplus food administrator, has announced.

Recipients must have identification cards and containers to receive the food, he added.

Deaths Funerals

Lewis Thornberry

Services and burial were held Saturday at Evergreen Cemetery in Erwin, Tenn., for Lewis S. Thornberry, 71, of Erwin, a former resident of Newell, who died Thursday.

A retired potter, Mr. Thornberry had resided in Erwin the last 50 years. He was a veteran of World War I and a member of the First Christian Church at Erwin.

Survivors include his widow, Mrs. Flora Thornberry, at home; four sons, Carter Lewis Thornberry, at home, Robert Thornberry of Newell, Harry Thornberry of Newark and Alfred Thornberry of Chester; four brothers, Alvin Thornberry and Edwin Thornberry of Newell and Clifford Thornberry and Frank Thornberry of East Liverpool, and seven grandchildren.

New Sales Aide Announced For Globe Brick Co.

William F. Porter, president of the Globe Brick Co. near Newell, has announced the appointment of Leonard D. Bortor as sales representative.

He has been assigned to represent the company in the Chicago district and a portion of Canada.

Bortor is a 1967 graduate of the School of Education at Indiana University, Bloomington. Since June 1957, he has served with the General Refractories Corp. at its Joliet (Ill.) silica plant and from 1958 as a refractory sales representative in its Pittsburgh and Philadelphia district sales offices. Prior employment includes four years as a refractory Mason with the United States Steel Co.

In 1956, Bortor married the former Rebecca Ann Huffman of Columbus, Ind. They are the parents of five children.

Globe Brick, since 1892, has been a manufacturer of wire cut, dry press and brick used for lining steel mill ladles.

Carnival Will Assist Playground At Newell

A group of Newell youngsters is conducting a carnival at the Newell Jefferson School playground to raise money to help buy equipment.

The carnival will be held tonight and Thursday night from 6:30 to 9.

The children, who have built their own stands from old lumber, have set up dart games, a penny pitch game and are selling refreshments.

Robert Dawson is recreational director and Miss Connie Dunlevy playground supervisor.

Boy Suffers Bruises In Midland Mishap

A 7-year-old Rochester boy suffered bruises when bumped by a truck at the corner of Midland Ave. and 7th St. Tuesday night, Midland police reported.

John James Silipigni of 209 Craig St., Rochester, was treated at Rochester General Hospital for bruises of the hip. Police said he was bumped by a truck driven by Earl Reed of Georgetown, R. D. 1, who was headed south and made a turn east onto Midland Ave. when the mishap occurred.

Peruvian Due Friday In Exchange Program

LISBON —, Columbian County will be host this month to its 14th International Farm Youth Exchange delegate since IFYE was established in 1948.

Pio Celestino, 28, of Peru will arrive Friday to spend three weeks with Mr. and Mrs. Carl Herron and children Linda, Dave and Glenn of Salem R. D. 3.

Celestino was reared on a small dairy farm, attended the national University of Trujillo and produces education television programs for the ministry of public education.

The IFYE program is 4-H's two-way exchange program with rural young people of 68 other countries and is conducted by the national 4-H Club Foundation on behalf of the Cooperative Extension Service.

Thirty-three countries are participating in this year's program, with more than 100 two-way exchanges, according to Robert Lewis, county extension agent for 4-H.

Celestino is one of three Peruvians visiting farm families

Stipulations Are Laid Down In Child Delinquency Case

LISBON — David Stokes, 28, of Leetonia and German-born Ranata Rowe of Salineville pleaded guilty Tuesday afternoon in Juvenile Court to a charge of contributing to the delinquency of her six minor children.

Mrs. Rowe, a widow of 10 months, also pleaded guilty to neglect of the children by having an unsanitary home.

Juvenile Court authorities filed the charges July 5, the day after the couple had a date and did not get back until after midnight. They left the children, 6 years to 7½ months, in care of a male relative, but he left before they returned.

Judge Louis Tobin sentenced Stokes to one year in the County Jail and fined him \$1,000. Jail and fine were suspended on condition he stays out of Washington Township the next three years, has no contact with Mrs. Rowe, keeps all previous orders relative to support of his family and is of good behavior and obeys all laws.

Tobin said Stokes had been before him each of the 15 years he has been on the Juvenile Court bench and warned him the first wrong move will put him in jail.

Mrs. Rowe's counsel requested the court to consider returning the children, now with the County Welfare Department, once she has proved she is worthy of them.

Tobin sentenced her to one year in the Ohio State Reformatory for women, but suspended the sentence on certain conditions. She is not to associate with several men and women named by Prosecuting Atty. J. Warren Bettis and is not to keep company with any married man.

The court said the children will remain with the Welfare Department for the present. However, Mrs. Rowe was given two months to clean up the home and find a way to care for the children properly. If the court approves her plan, the children will be returned to her physical care, but legal custody will remain with the department which will make monthly inspections.

Judge Will Set Hearing Date In Wellsville Case

LISBON — Thomas George Wright Jr., 21, of Youngstown, declined to plead Tuesday at arraignment in Columbian County Southwest Court and requested a preliminary hearing on a robbery charge.

Acting Judge Richard D. Kennedy entered a not guilty plea for the defendant. The court denied defense counsel's request that Wright be released on his own recognizance and that the \$2,500 bond be reduced.

Counsel George Tsagournis of Youngstown explained the defendant is indigent. The attorney gave notice he was withdrawing as counsel and asked the court to have counsel appointed.

Judge Kennedy said he would refer the request to Common Pleas Court, which makes such appointments. No date was set for the hearing.

Wright and his cousin, Kenneth Junior Wright, 25, of Wellsville, R. D. 1, are charged with a \$100 robbery July 21 at the Golden Crown Store, 925 Main St., Wellsville.

Kenneth has been bound over to the September grand jury on a plea of not guilty. Both defendants are in the County Jail.

Good Business In 2nd Half Seen In Pennsylvania

UNIVERSITY PARK, Pa. (AP) — A Pennsylvania State University business analyst says the second half of 1966 will be good for business in Pennsylvania.

The analyst, Dr. R. Hadley Waters, said Tuesday, "employment will continue to increase with unemployment rates low and an actual shortage in many labor skills."

"Purchasing power, consumer spending and retail sales for the year will be about 6 per cent over 1965," he said.

He added however, that prices will continue to creep upward and interest rates will remain high.

"In short, 1966 will have been a good year with most of its problems those which are found in a prosperous economy operating close to capacity," he said.

Sniper Victim's Mother Swoons

MOUNTAINAIR, N. M. (AP) — The Ohio mother of one of the 15 persons killed by the Austin, Tex., sniper Monday collapsed when she learned her son had been a victim.

Mrs. Mary Eckman, 43, of Ottawa, Ohio, left a hospital bed Tuesday to recover the body of her 19-year-old son, Thomas Eckman. He was one of the victims of the University of Texas tower sniper.

Mrs. Eckman, training in the Federal Vista (Volunteers in Service to America) program at a nearby Jobs Corps center, collapsed after learning of her son's death. She was under treatment for what a doctor termed a physiological depression brought on by the news, but was released Tuesday for the trip to Austin.

She has another son, Michael Campbell, living in Austin.

Disposition Made On 107 Cases By Courts For July

LISBON — Columbian County's two Common Pleas Courts disposed of 107 cases in July to reduce to 690 the number of cases pending.

The courts entered July with 711 cases on the books. Eighty-six new actions were filed during the month.

Thirty-four of the new cases were divorce actions, 40 civil suits and three criminal transcripts.

The monthly summary prepared by Clerk of Courts Carl L. Stacey for the Ohio Supreme Court shows 27 cases were tried to court and 70 cases were settled or dismissed. There were 10 cognovit and default judgments.

Columbian County has 13 cases pending before the Seventh District Court of Appeals.

Scouts Set Camp Plans At Midland

Plans for next year's camping trip were made when Midland Boy Scout Troop 415 met Monday night at Crucible Park. Scoutmaster James Green presided.

Green announced the camp site for next year will be Silvertop at Tionesta. The two-week camping trip will include a "Boot And Paddle" trip down

the Allegheny River from Tionesta to a camp site beyond Pittsburgh.

Green reported on a recent canoe trails trip he, Mario Ulizio, Dr. James Swinker and Robert Swinker enjoyed in the Canadian north woods.

The troop will meet Monday night at 8 p.m. at Crucible Park.

More Violence In Omaha

Explosion Wrecks Filling Station In Negro Section

By The Associated Press

An explosion wrecked a filling station early today in the predominantly Negro area of Omaha, Neb., which had been the scene of racial violence for three straight mornings.

Police, unable to determine immediately whether a fire bomb had been thrown into the station, looked for a car carrying six white men which was seen speeding away from the area before the explosion.

Racial trouble also was reported Tuesday night in Chicago; Providence, R.I.; Perth Amboy, N.J.; and Atlanta, Ga.

The Omaha explosion followed a quiet night in the near North Side area where some merchants, armed with shotguns, guarded their stores.

Gov. Frank Morrison and Mayor A. V. Sorensen conferred about the racial trouble Tuesday, Omaha's second outbreak in a month.

Sorensen asked for an investigation of the fatal shooting of a youthful burglary suspect last week. Some Negro groups have attributed the recent outbreak of violence to the incident.

In Chicago, white hecklers again stoned and jeered civil rights demonstrators protesting alleged housing discrimination in an all-white Northwest Side neighborhood.

About 500 of the whites greeted 350 marchers with taunts and jeers Tuesday night and several missiles were thrown. But there were no injuries.

The white crowd was much smaller than the one Sunday which threatened a similar group of demonstrators and sent it hurrying from a southwest Side neighborhood. In that disturbance, 60 persons were injured and 30 autos were wrecked.

A force of 140 policemen kept

order Tuesday night, including 80 officers along the parade route. They shoved some of the hecklers back and hauled others away.

A spokesman for the marchers said they would return tonight.

In Providence, R.I., policemen and an armored police truck were called out when a group of young Negroes threw stones and bottles at firemen answering a call.

The fire was near the scene of a Monday night disturbance in which 22 Negroes were arrested after 100 threw debris at police.

Police said the latest disturbance subsided quickly. Extra uniformed patrolmen were ordered to patrol the south section of Providence.

For the fourth straight night in Perth Amboy, N.J., police were called out to quell a disturbance by Puerto Ricans who gathered in streets in apparent defiance of a new anti-littering ordinance.

Sixteen policemen were injured, none seriously, in the Tuesday outbreak as youths hurled rocks and bottles. Police arrested 27 adults and seven juveniles on disorderly persons charges.

Several hundred Negroes chanted "black power" when they surrounded a motorcycle policeman attempting to give a traffic citation to a driver in a predominantly Negro neighborhood in Atlanta.

Police reinforcements dispersed the crowd after the motorcycle officer, B. C. Basham, was rescued by a squad car.

Authorities said an arrest warrant would be issued for Samuel B. Schultz, 20, a worker for the Student Nonviolent Coordinating Committee, if he fails to appear in court Aug. 17 to answer the traffic charges.

Youth Hurt By Firecracker, 14 More Treated At Hospital

A Salineville area youth injured by an exploding firecracker was treated at City Hospital Tuesday along with 14 other residents injured in various mishaps.

Stanley Hays, 16, son of Wilbur Hays of Salineville R.D. 1, suffered fractures of two fingers and lacerations of the fingers and palm when a cherry bomb exploded in his right hand.

Linda Warrick, daughter of William Warrick of 1753 Wooster Ave., received a puncture wound of the left foot on a nail. Fred Cosgrove, son of Fred Cosgrove of 315 Wood Alley, received a dog bite on the left forearm.

Richard Gerren, son of John Gerren of E. Main St., Salineville, suffered a cut eyebrow in a fall at home. Mrs. Jo Ann Lisk of 1049 St. George St. was treated for an injury to the left foot when caught in a car door.

Herschel Taylor of Substation fell down three steps from a patio, receiving a cut forehead.

William Miller, son of William Miller of 1305 Clover St., Wells-ville, fell from the hood of an auto against a brick wall, suffering a laceration of the leg.

Richard Goodlin of Route 30 near Chester was treated for a cut finger received while installing a furnace. Kathy Pinkerton, daughter of Flavie Pinkerton of 716 Maple Alley, Wellsville, suffered a cut toe on glass.

In a fall at home on a beverage bottle, William Taylor, son of Riley Taylor of Yeager Dr., Wellsville, received a cut on the ankle. Ricky Moore, son of James O'Hanlon of 1224 Erie St., suffered a knee injury when his bike hit a wall.

Howard Fisher of 1320 Sunnyside Ave., trucker for the Milliron Co., fell in the firm's yard office, suffering a scalp injury. Patsy Alfano of 131 Kountz Ave., Wellsville, received a foot injury when a piece of metal fell while he was at work at the American Vitrified Products Co.

Elmer Smith of 5th Ave., La-Croft, suffered a cut finger on a dog chain. Linda Howell, daughter of Dan Howell of 133 Center Alley, received a cut chin and abrasions of the hand in an apparent fall on Mulberry St.

Lt. Col. Edward H. White II, the first American to step outside a spaceship, recalled that on June 3, 1965, "I was taking some big steps, the first on Hawaii, then California, Texas—lightly in deference to the President—Florida, and the last on the Bahamas and Bermuda."

Innovation Or Inundation

Should any of you readers get hoodwinked into purchasing a phony gold brick, I know just the man who can unload it for you—and at a profit, too. He is Jennings Lang, senior vice president in charge of TV production at Universal Studios, the home of such epic TV properties as "The Hal Humphrey Munsters," "McHale's Navy" and "Laredo."

At present Lang is immersed in Universal's most ambitious TV project to date, turning out a dozen or more two-hour feature films for network premiere. After these films have had a second TV run (within one year) they revert to Universal, which then sells them for theatrical release overseas.

THEY ARE BUDGETED between \$700,000 and \$1 million, and shooting schedules will range between 18 days for some and 60 days for others.

Although the average movie produced originally for theatrical release today comes considerably higher in budget and time consumed in shooting, Lang becomes quite upset and overpowering toward anyone suggesting that his TV features can be classed as "quickness."

"We've learned," says Lang, "there can be a lot of waste in motion picture production. But aside from that, we're using good people and casting them in depth for these TV features."

"Robert Wagner you certainly would call a fair name; yet besides him we are using Peter Lawford, Lola Albright, Walter Pidgeon, Jill St. John and Michael Ansara in 'How I Spent My Summer Vacation.' Also, another studio has now borrowed Wagner at a very good price for a \$4 million production."

IF THERE is any waste at Universal it is compensated for by a variety of shrewd merchandising techniques at which Lang is a past master dating from his early days as an agent with Music Corp. of America, the firm that now owns Universal.

He exemplified this talent a couple of years ago when the studio made its first two-hour feature for NBC whose top executives turned it down as "too violent" for TV.

"It was during a period when Sen. Thomas Dodd's committee was investigating TV, and NBC was nervous," explains Lang. "But we put the picture in theaters where it grossed \$3 million. That's not bad for an \$800,000 picture, and we'll still sell it to TV for a half-million," Lang adds, proudly.

THE PICTURE, by the way, was "The Killers," a remake of

Freight Terminal Wrecked By Fire In Gettysburg

GETTYSBURG, Pa. (AP) — Flames roaring out of control for nearly three hours wrecked a large Reading Co. freight terminal near the center of Gettysburg today.

Despite the early hour, hundreds of Gettysburg residents were drawn to the fire to watch as flames fed on a variety of goods stored in the structure. At least two diesel locomotives were destroyed and a furniture storage area and a farm supply firm were also wrecked.

The terminal was located at the edge of Gettysburg college, and the ranks of spectators were swelled by summer school students.

At least four fire companies numbering about 100 men fought the blaze. Spokesmen for the fire companies could not say today what started the fire.

Two firemen suffered minor injuries.

Carefully Produced Goods

Prisoners In U.S. Feed Supply Line To Viet Nam

WASHINGTON (AP) — A growing supply line of carefully produced goods is finding its way into the Viet Nam war effort from behind the walls of more than a dozen U.S. prisons.

From torpedo parts to toothbrushes, from mattresses to rebuilt tank treads, thousands of society's outcast are turning out scores of items essential to the increasing number of U.S. forces in Southeast Asia.

The federal prisoners are supplementing the output of private industry — and, in several instances, producing goods generally unavailable from the Defense Department's usual list of suppliers.

Dog tags and iron bed frames come from the prison at El Reno, Okla. Towels, washcloths and the special lightweight blankets needed in tropical South Viet Nam are turned out at Terre Haute, Ind. Dufflebags come from Tallahassee, Fla., while GI jackets, trousers and shoes are produced at Leavenworth, Kan.

Some of the best tire rebuilding in the country, federal prison officials say, is done at Petersburg, Va. Tank treads and wheels are rebuilt there and at Texarkana, Tex.

El Reno makes gun bore brushes, Atlanta stuffs mattresses, Tallahassee and Terre Haute turn out canvas bottoms for the berth on ships, and ship lockers and shelving come from Lewisburg, Pa.

Of the \$50-million worth of goods turned out by Federal Prisons, Inc., in the past fiscal year — netting a \$11-million profit — one-half was for the Defense Department. And military requirements resulted in an \$8-million increase in prison production over fiscal 1965.

"Of course, our real job isn't to produce goods but to furnish employment and training to these men," T. Wade Markley, associate commissioner of Federal Prison Industries, said in an interview.

"We've got nothing to sell but high quality and dependable production," he said. "We have a pretty sophisticated quality control program. And we try to follow the highest private industry standards so that we can better prepare our men for the outside world."

While private industry and

labor sometimes complain when prison industries branch into new areas of production, Markley said, they generally are quick to cooperate.

"We have less problems, in many respects, in producing some of these items than private industry," he said. "We are quality conscious more than cost conscious. And we are able to produce in accordance with the military specifications given us in advance, rather than trying to produce something and hope it will sell."

Manganese Oxide Supply Reported On Atlantic Floor

RICHMOND, Va. (AP) — Geologists reported Tuesday that an "almost limitless" supply of manganese oxide, a mineral used in strengthening steel, lies on the Atlantic floor off four southern states.

The supply was discovered during exploration in the Aluminant, a deep-diving submarine owned by J. Louis Reynolds, chairman of Reynolds International Inc., wholly owned subsidiary of Reynolds Metals Co. More than 600 pounds of samples were recovered from depths of 1,700 to 3,000 feet.

It was found on the Blake Plateau off northern Florida, Georgia, South Carolina and the southern section of North Carolina.

"It's completely unknown how much" of the mineral exists, said Dr. Wilson Mitchell, assistant chief geologist for Reynolds.

He and Benny Kidd of Bauxite, Ark., and Dr. John H. Moses, chief geologist for Reynolds, reported the find.

They said the United States imports virtually all of its manganese oxide mainly from the Soviet Union, Mexico and Brazil. They said international law would have to decide who owned the underwater find.

Auto Mishap Fatal

WILMORE, Pa. (AP) — A car ran off the road and tumbled over a 15-foot embankment, striking a tree and killing the driver near this Cambria County community Tuesday night. The victim was Demetrius Osipov Jr., 29, of Portage.

Pennsylvania Highway Bids Due Aug. 28

HARRISBURG (AP) — The State Highways Department is calling for bids Aug. 26 on the following projects:

Armstrong — Resurface 2.12 miles of Rt. 66 between Ford City and Kittanning.

Delaware — Build 2.08 miles of Newtown Street Road (Rt. 252) from Newton Square northwest. The work consists of separated highway and an interchange at Wyola to eliminate present at-grade intersection.

Fayette — Construction of a concrete rock dike at the outlet of Redstone Creek into the Monongahela River at Brownsville on I.R. 26018, 0.23 mile.

Mercer — Build 3.75 miles of LR 43036 on new location, including one bridge over the Shenango River between Mercer and New Hamburg.

Mercer — Build 3.36 miles of LR 43082 between Mercer and Orangeville including bridges over the Shenango River and a branch of it, and over Lackawanna Creek.

Perry — Juniata — Build 3.80 miles of separated highway for Rt. 22 between Millerstown and Thompsonstown, an Appalachia project.

Snyder — Build 0.51 mile of LR 54012 between Hoffer and Independence, (south — west of Port Trevorton), including a structure over Independence Run and channel relocation.

Venango — Widen and resurface 0.81 mile of LR 60035, East Bissell Avenue in Oil City.

Wayne — Lackawanna — Build bridge over Lower Klondike Creek on LR's 63001 and 35057 in Lehigh and Clifton Townships 0.26.

Westmoreland — Widen and resurface 0.14 mile of LR 64164 including a structure over Lick Run.

Youngstown Motorist Shot As He Drove Car

YOUNGSTOWN, Ohio (AP) — A 31-year-old motorist was shot in the abdomen as he drove through heavy rush-hour traffic here Tuesday.

Police said Edward Jackson drove into a filling station and told the attendant he had been shot. Doctors at St. Elizabeth Hospital removed a .38 caliber bullet from his abdomen.

Two bullet holes were found in a right window of the car, but police said they had no clues in the shooting.

Not Starting Vote Campaign Too Early, Democrats Say

CIRCLEVILLE, Ohio (AP) — Starting the political campaign too early? Not so, Democratic leaders say their first day of a "Reams Team" caravan convinced them.

Eugene (Pete) O'Grady, the party executive aide, surveyed the total reception gubernatorial candidate Frazier Reams Jr. and other seekers of state office got Tuesday at Batavia, Georgetown, West Union, Portsmouth, Waverly and Hillsboro.

And, he said, he liked what he saw. He called turnouts and enthusiasm "surprisingly good."

"They said we were starting too early, that people would not turn out," O'Grady commented. "But regardless, the people of Ohio are interested. The Democrats in Ohio have not given up. They are going to win."

That was the message — besides their running attack on Gov. James A. Rhodes and his Republican administration — that the caravan carried to all communities along their route.

Actually, the crowds ranged from a few dozen to upward of 100, and consisted largely of party workers and other Democratic faithful — but they did fill some of the meeting rooms to overflowing.

The tour resumed here today with stops scheduled at Chillicothe, Logan, McArthur, Wellston, Ironton and Gallipolis.

Reams, in remarks prepared for delivery in Logan, said the state needs "a working governor, not a recreation director."

"Rhodes has spent \$300,000 to hire comedians and singers for the state fair and yet he can only pay \$58 per week for mental hospital custodians," Reams said.

Rhodes has designed an Ohio-shaped whisky bottle to sell Kentucky whisky.

"He has frequently urged a bridge across Lake Erie at a cost of perhaps a billion dollars that would lead to one of the least populous areas of Ontario, Canada."

"Rhodes looks at Ohio through Rhodes-colored glasses — myopically."

"He doesn't look at the many challenges facing Ohio," the Democratic candidate said. "He doesn't see them, and he doesn't do anything about them."

The ancient Chinese had an uphill mile and a downhill mile. Since it is harder to walk uphill than downhill, they made the uphill mile shorter!

Inmate Loses His Appeal In Robbery Case

The Seventh District Court of Appeals Tuesday turned down the appeal of Sanford A. Davis, 46, formerly of Smiths Ferry, who is confined to the Ohio Penitentiary after his conviction of armed robbery.

In affirming the trial court from whose order Davis appealed, the Appellate Court "carefully considered" the 16 errors claimed by the appellant and "found that the errors, if any, did not operate to the prejudice of the defendant."

Davis and his brother, James Davis, 28, of East Liverpool, R.D., were charged by the April

1964 grand jury with a \$200 armed robbery of Leona Ward, 67, and Ida Ward, 63, Aug. 30, 1963, at their farm home near Negley.

separately. James was acquitted. Sanford was sentenced to 10 to 25 years in February 1965.

Love Shelved To Ban Front-Yard Gardens

UPPER DARB, Pa. (AP)—Ownership commissioners, "after much thought and discussion," have shelved a move to

ban front-yard vegetable gardens in this Philadelphia suburb.

Assistant solicitor Paul R. Sand delivered a statement for the board of commissioners Tuesday explaining that the

commissioners were "aware of the great amount of opposition" and that they had withdrawn from consideration an amendment to the township zoning ordinance. The amendment, to prohibit

growing of fruit or vegetable gardens in front yards, was proposed when neighbors of Sotirios Travlos complained that the vegetables in his front yard didn't look right next to their lawns.

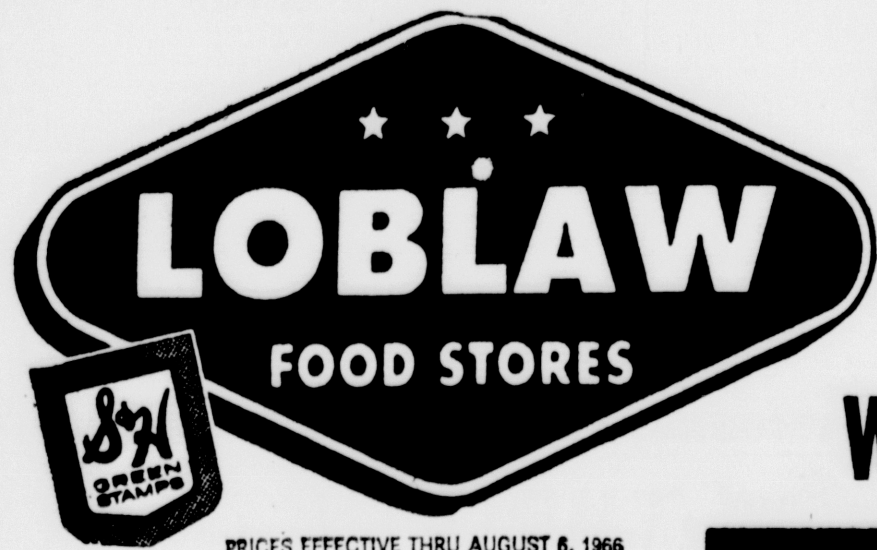

Broderick Hits Shapp On Metal Jobs Issue

WASHINGTON, Pa. (AP)—Raymond J. Broderick, Republican candidate for lieutenant governor, claims Milton Shapp

was wrong when he said the number of jobs in primary metal was declining in Pennsylvania. "When our opponent made this statement last March, it was untrue because employment in that field has risen from 245,000

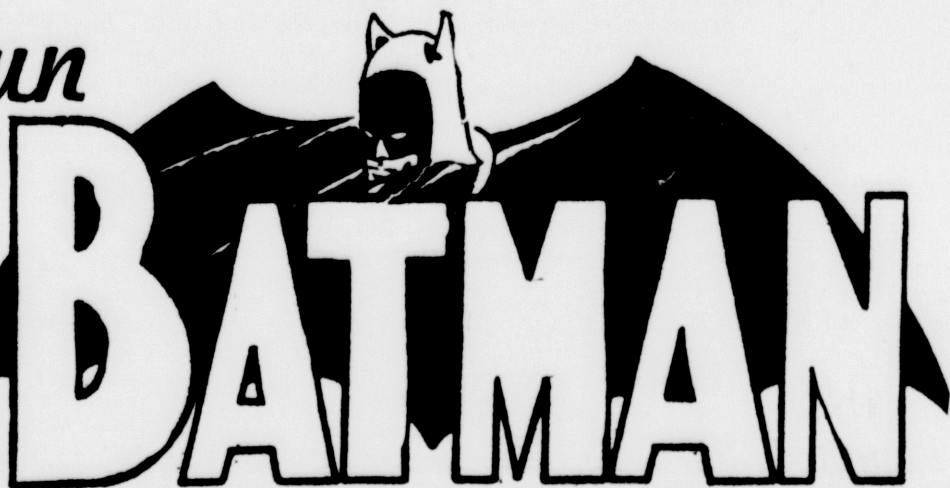

in January to 261,900 in May," said Broderick. Broderick leveled the criticism at Shapp, the Democratic gubernatorial candidate, at a Washington County rally Tuesday.

Hearings To Resume In Rail Inclusion Bids

WASHINGTON (AP) — The Interstate Commerce Commission has announced that hearings will resume Monday on bids by three railroads for inclusion in the Norfolk & Western Railway system.

The commission said Tuesday that next week's hearings, involving the Erie-Lackawanna, Delaware & Hudson and Boston & Maine railroads, will be limited to cross-examination of witnesses who have submitted testimony since the hearings opened last April.

American railroads installed about 1,500 new diesel locomotives last year — almost 50 percent more than in 1964.

Federal Legislation Urged On Guns Sale

PHILADELPHIA (AP) — The mass slaying of 13 persons in Austin, Tex. by a sniper from atop a University of Texas tower has prompted Philadelphia's district attorney to call for federal legislation to control the sale of guns through the mail and in interstate commerce.

Dist. Atty. Arlen Specter said Tuesday that Philadelphia's gun law, requiring a purchaser to register his weapon, is not the final answer. The ordinance, he noted, does not prevent a criminal from circumventing registration by importing a gun from outside the city.

Ohio 5-Day Forecast

Temperatures Thursday through Monday will average 4-7 degrees below normal. Representative normal highs and lows: Cincinnati 88-66, Columbus 86-62, Cleveland 82-60.

Warmer by Friday, cooler over weekend, warming again early next week. Scattered showers near end of this week averaging .25 to .50 inch.

Along North Viet Border

No-Bombing Buffer Zone Observed, Rusk Reveals

WASHINGTON (AP) — Secre- have been abandoned since tary of State Dean Rusk has Rusk gave this testimony, offi- cials said today that the rule of observance, a no-bombing buffer zone along the North Vietnam border on combat missions still ese border with Red China "as holds.

Some authorities said the zone is probably about 30 miles deep but no official figure has been given out.

In testimony before a House Appropriations subcommittee on May 11, made public today, the Rusk also denied emphatically that the United States was drawn into the Viet Nam War States refrained, as it did then, by its economic and military assistance to that Southeast Asian no, North Viet Nam's capital, and Haiphong, its chief port.

Rusk said the United States "in terms of the action we decided in the administration of take in the North," he said, "we President Harry S. Truman that have to compare the military security of Southeast Asia from effect on the one side with the Communist conquest was essen- additional risk, and costs of val- to the security of the non- rious sorts on the other.

At the present time, we evening presidents had affirmed are bombing military targets and acted on this basic policy, through the North Viet Nam venes in a foreign land, Rusk China border, as a precaution said, it does so for security rea- against overrun, and two small sons, not because of aid pro- circles around Hanoi and Ha- grams," he said the president phoned.

When the United States inter- area except for a strip along the venes in a foreign land, Rusk China border, as a precaution said, it does so for security rea- against overrun, and two small sons, not because of aid pro- circles around Hanoi and Ha- grams," he said the president phoned.

We do not go around looking for business in terms of making alliances through an aid pro- gram rather than by a more formal process," Rusk said.

He touched only briefly on about peace responsibly and buffer zone along the Red Chi- nese border and did not give de- tails of how it works. Although a similar no-bombing areas reciprocal basis, a great deal around Hanoi and Haiphong could be done."

Laws Governing Savings, Loans Units Due Study

HARRISBURG (AP) — A commission appointed by Gov. Scranton is going to study laws governing state savings and loan associations in order to recom- mend revisions to the 1933 Building and Loan Code.

Scranton, in a statement re- leased by his office, announced the appointment of the commis- sion Tuesday. He said he was acting on the recommendation of the secretary of banking and the Pennsylvania Savings and Loan League.

It is hoped the commis- sion will present a report to the 1967 session of the legislature.

The commission members are State Sen. John H. Ware, R - Chester; State Rep. James F. Clarke, D - Allegheny; Mat- thew L. Leib, Hazleton; T. L. McDowell, Bradford; Frank J. Malone, Pittsburgh and William J. McKever, Philadelphia.

Also A. Marilyn Mover, Jr., Trevese; John T. Mooney, Phil- adelphia; Edmund Jones, Swarthmore and Walling Levin, Philadelphia.

Ex officio members are State Banking Secretary G. Allen Pat- erson and Atty. Gen. Edward Friedman. William H. Markie of Pittsburgh is counsel for the commission.

For Month Of July

Building Figures

Set At \$76,861

Construction of a church and a commercial building are list- ed among building permits is- sued last month by Mayor George E. Wilshaw's office. The July total was up from the \$34,700 listed for June.

The total was swelled by two major construction jobs that will cost \$64,000 in all.

The June permits ranged from a low of \$100 to a high of \$40,000.

The Friendship Gospel Taber- nacle was granted a permit for a new church at 219 W. 7th St. at an estimated cost of \$24,000.

The House of Craft obtained a permit to install a new roof on the home of Frank Phelps at 1184 Harker Ave. for \$500.

The Permalite Corp. of Penn- sylvania received a permit to install awnings at the home of Kyle Ford of 809 Spring Grove Ave. at a cost of \$1,500. The same firm also received a per- mit to install awnings at the home of Wilbert Grafton of 941 Montgomery Ave. at a cost of \$1,081 and the home of Ralph 141 1st Ave.

George of 625 Garner Ave. at a cost of \$200.

Alice Powell was issued a per- mit to build a new home at 804 John St. at a cost of \$3,000.

The Floyd Cox construction company obtained a permit to remodel the Woodbine Laundry on W. 4th St. at an estimated cost of \$1,500.

D. J. O'Hanlon obtained a per- mit to install awnings at 1803 Harvey Ave. at a cost of \$100.

Roland E. Reed of Midway Lane received a permit for re- modeling at a cost of \$200.

The Busy Beaver Remodeling Co. received a \$500 permit for installing aluminum siding on the home of Elsie Carnes of 1066 Claybourne Ave.

KENNETH MOONEY receiv- ed a \$250 permit to construct a breezeway at 1310 Oakwood Ave.

Harry Wilson of 709 Bradshaw Ave. obtained a permit to in- stall awnings at a porch and stall awnings at an estimated cost of \$150.

James Mattern of 796 Penn- sylvania Ave. received a \$500 permit to complete a porch and install shingles.

Carl Waters of 1949 Michigan Ave. was given a \$300 permit to repair two porches.

The Township permit was granted the Wallover Oil Co. at \$1,081 and the home of Ralph 141 1st Ave.

Pennsylvania Senate's Vote

Set On State Trooper Bill

HARRISBURG (AP) — A The House also adopted and bill to add 250 troopers to the State Police Department has struggled into position for a final legislative vote in the Sen- ate.

The measure, sponsored by House Democrats, would raise the department complement to 2,350 officers. An additional 185 troopers are assigned to turn- pike patrols.

The 250 figure is far below what the 600 troopers requested by the Scranton Administration ear- lier in the year. A 600 - man Senate bill was killed in House committee.

The special House committee investigating the state police said the State Police Academy at Hershey would not be able to train 60 men.

A bill to appropriate \$180,296 for training the additional 250 men has cleared the House and is in Senate committee.

What is the program? Ma- jor Sen. Paul W. Mahady, D - Westmoreland said Tuesday he sent to the Senate a resolution calling for a manpower study to submit a table or organ- ization on the department.

Also Tuesday the Senate passed the retired judges bill, 48-0, and returned it to the House for concurrence in a Senate amendment raising the judges' daily pay.

The Senate amendment would raise the daily pay from \$59 to \$75. When the Democratic - con- trolled House was considering this bill it reduced the \$75 figure to \$50.

Thi Will Run

For Premier

In South Viet

LYNCHBURG, Va. (AP)—Lt. Gen. Nguyen Chanh Thi, ousted commander of South Viet Nam's 1st Corps area who is in the sec- ond political exile of his career, said he'll be a candidate for premier when elections are held.

Thi, a Buddhist, would not venture a guess as to his strength at the polls. But he did point out here Tuesday in an in- terview that 90 per cent of his country is Buddhist. The Bud- dhists seized on Thi's ouster four months ago as the pretext for their stormy but unsuccess- ful revolt against Premier Ngy- en Cao Ky.

This would not say what chances he believes Ky would have in free elections. The pre- mier has said he will not be a candidate and will return to the South Vietnamese air force, which he still commands.

Thi, who departed from South Viet Nam with the permission of Ky's regime, was in Lynch- burg to visit two of his children, Nguyen Chanh Loc, 11, and Nguyen Chanh Minh, 10, who at Presbyter Home. They were sent by their father to the home last June because he feared for their safety.

The deposed general, who plans to undergo treatment of a sinus condition at an undisclosed location, said he will be in Wash- ington three months and then will return to South Viet Nam for more than four hours, Au- A very, mustached man who resembles Ky, Thi was identity of the witnesses—both ousted from his military com- mand because he had become a virtual warlord in South Viet Nam's northern provinces. He was sentenced to 60 days deten- tion for supporting the Buddhist uprising against the military regime.

He went into political exile once before, in late 1960, after an unsuccessful attempt to over- throw the late President Ngo Dinh Diem. Thi fled to Cambodia after the coup collapsed.

After Diem was overthrown, Thi returned and joined the mil- itary leaders who eventually look over the government.

Committee Sifts

Its Testimony In

Cleveland Riots

CLEVELAND (AP)—A com- mittee of grand jury members will sift testimony taken during five and a half days of hearings before a report is issued on the Lough rioting.

Court sources said Tuesday it will be several days before the jury's report will be made public. After going over the evi- dence and discussing it with Judge Thomas J. Parrino, pre- siding judge of the criminal division of common pleas court, a meeting of the full 15-mem- ber jury will be called to ap- prove the report.

Final testimony was present- ed Tuesday by two police un- dercover investigators and Sgt. John Ungvary, head of the po- lice subversive activities unit.

The two undercover men, one said he will be in Wash- ington three months and then will return to South Viet Nam for more than four hours, Au- A very, mustached man who resembles Ky, Thi was identity of the witnesses—both ousted from his military com- mand because he had become a virtual warlord in South Viet Nam's northern provinces. He was sentenced to 60 days deten- tion for supporting the Buddhist uprising against the military regime.

Centennial Observed

Leetonia Plans Parade, Battle To Climax Festival

LEETONIA — The centennial celebration, which got under way here Sunday, will be climaxed by a parade Friday, a muzzle-loading rifle shoot and beer-drinking contest Saturday and a Civil War battle re-enactment Sunday.

The East Liverpool Senior Citizens Men's Chorus is slated to present a program this afternoon during "Senior Citizens Day," which also will feature other clubs and groups from the area. A kangaroo court session is planned for tonight.

Thursday will be Apple Festival Day, with a Junior Pioneer Girls contest in the morning, square dancing in the evening and apple cider pressing, along with various displays.

The parade will begin Friday night at 6:30, featuring marching units from the area, with plans for the largest procession of horses in Ohio this year.

The "Great Scot" quartet of East Liverpool and Toronto will present three shows Friday and Saturday nights at the Leetonia Hotel.

The muzzle-loading rifle event will be held Saturday morning at 10 and the beer-drinking competition at 1 p.m.

The Leetonia High School alumni banquet will be held at 6:30 at the Orchard Hill School and the Grand Ball from 9 p.m. to 1 a.m. at Kelley's Park Pavilion.

The re-enactment of the Battle of Spotsylvania of May 12, 1863, will be held Sunday afternoon at 2 at the Leetonia Sportsmen's club, with 400 members of the Union Army of Commemoration and Confederates taking part, featuring infantry, cavalry and artillery.

Various displays are being featured during the centennial observance, including coke ovens, quilting bees, shop tours, antique cameras, coin show, Ohio exhibit and others.

One of the special features is "Diamond Lil's," a 19th-century saloon at 253 Main St., which has food and beverages, honky-tonk music and a melodrama, "Way, Way Down East."

A special centennial edition of the Leetonia Courier has been published by Jack Ripley Jr. and is available at Heimie's in East Liverpool.

Bath, the oldest town in North Carolina, was incorporated in 1705. It has several homes that are more than 200 years old.

The movie, "The Pussycat that Ran Away," will be screened.

Peduzzi said this will be the last week of the summer story-telling and movie sessions.

Various Committee Reports Given At Rotary's Meeting

Reports of various committee chairmen were presented during the luncheon meeting of the Rotary Club Tuesday at the Travelers Hotel in the absence of Stewart Witham of Canton, Rotary District 665 governor, the scheduled speaker, who was unable to attend because of illness.

Arthur V. Doak, president of the local club, reported increasing success of student exchange programs sponsored by Rotary organizations and called for an investigation into the possibility of establishing such a program locally.

Carl Pelini, recently named assistant superintendent of schools, reported enthusiastic reaction to the exchange programs where they have been adopted.

Visiting Rotarians at yesterday's meeting included Guy Osborn of Youngstown, Cecil M. Ward of Mobile, Ala., and Dr. L. V. Swinker, Lester Smith Jr. and Bill Yee, all of Midland.

Other guests were Robert Sauer of the Ohio Bell Telephone Co. and Joseph Cochran, who was employed by the Board of Education Monday night as assistant junior high school principal for Westgate.

Clifford Hindley gave the invocation.

Scranton's Plan On Mental Health Given Support

HARRISBURG (AP) — The Commissioners of 23 counties, plus 11 agencies dealing with mental health problems, support the Scranton Administration's sweeping mental health and retardation plan now before the legislature, according to the State Welfare Department.

Under the plan, each county would set up its own mental health program in order to treat patients closer to their homes.

Trip Planned By Midland's Kaycee Unit

Forty members of Midland Knights of Columbus Council 2005 have registered for a trip to Lincoln Park near Detroit, where they will be guests of the Lincoln Park K. of C. Aug. 27 and 28.

Last summer Council 2005 hosted members of the Lincoln Park Council.

Bill Verzilli is in charge of registration for the weekend featuring golf, dancing and picnicking. Members and their wives will attend by chartered bus.

Sixty members attended the annual outdoor steak fry at the Lions pavilion Monday night. Gino Martinetti and Luigi Bruno were co-chairmen for the event.

Physician Waits Sentencing In Abortions Case

PHILADELPHIA (AP) — A Philadelphia physician who pleaded no defense to charges of performing abortions on two Pennsylvania State University coeds and a third young woman awaits sentencing by Quarter Sessions Court here.

Judge Stanley M. Greenberg deferred sentencing Dr. Listervelt S. Winfree, 53, Tuesday pending psychiatric examination.

Richard A. Sprague, first assistant district attorney, did not reveal the identities of the three girls in presenting their statements.

Sprague, who urged a prison term for Dr. Winfree, said the coeds had undergone abortions on Oct. 18, 1965, and the third woman on June 6, 1966 while the physician was out on bail in the first two cases.

Fly Your Own Plane

How To Beat The Strike

You live in New Orleans, and your family, visiting in Wellsville, is stranded by the airlines strike. How do you get them home? If you're Delta Airlines Capt. R. A. Lacey, you simply catch a commercial flight to central Ohio, rent a private plane, and pick up the family at Dyer Airport near Toronto. Capt. Lacey and his family are shown beside the four-seater Piper Cherokee 180 before their dawn takeoff today for Columbus and a Delta flight to New Orleans. His wife, Virginia, a former stewardess, and their children, Jennifer and Jeffrey, had been visiting Mrs. R. J. Foley and family, 1068 Buckeye Avenue, Wellsville, and Mr. and Mrs. C. R. Cronin, 152 South Surry Rd., East Liverpool.

Peck Due Oath
On Thursday As
U.S. Pleas Judge

CINCINNATI (AP)—U.S. District Judge John W. Peck of Cincinnati will be sworn in at Akron Thursday as a judge of the 6th U.S. Circuit Court of Appeals and he wants the ceremony to be simple.

The appeals court handles cases from Ohio, Michigan, Kentucky and Tennessee.

"Like Tommy Manville," he said, "I have been to the altar so many times I would not again aspire to a full church wedding," said Peck.

It will be the fifth time Peck has taken a judicial oath. In addition to having been sworn in as U.S. district judge here in 1961, he also has served as judge of the Ohio Supreme Court and twice has taken the oath of office as a judge of the Hamilton County Common Pleas Court.

Peck, 52, will be sworn in at the office of appeals court Judge Paul C. Weick. The judge's wife, Barbara, will accompany him to Akron for the ceremony.

Man Drowns When
He Slips Off Ladder

CLEVELAND — A 57-year-old Superior, Wis., man apparently drowned Tuesday when he slipped from a ladder while boarding the S. S. George M. Steinbrenner on which he was a crew member.

The ship's captain said James S. Kelly slipped from a ladder, fell 15 feet to a dock and another seven feet into the Cuyahoga River.

Birth Control Compromise OK'd
Final Settlement Seen
For Pennsylvania Budget

HARRISBURG (AP) — Negotiations on the state budget turned from birth control to money today amid an air of cautious optimism that a final settlement could be reached before the end of the day.

"There are still major decisions to make, but I'm optimistic that we can make it by Wednesday if we bear down," House Majority Leader Joshua Eilberg said Tuesday.

His comment came shortly after his Democratic caucus voted to accept a compromise with the Republican Scranton Administration over the Public Welfare Department's controversial birth control program.

The compromise was negotiated by a six-man, bipartisan legislative committee which is also trying to solve the budget dispute.

Although the birth control issue was considered the major obstacle to a budget agreement, the conferees must still agree on several major appropriations.

One is setting \$50 million aside to cushion the cost of increased school subsidies not due until 1968.

Another is an \$8 million reduction by the House Appropri-

ations Committee in the administrative allocations to the various departments.

Also to be resolved are appropriations to the state colleges at the major universities, including the three-state related institutions, Penn State, Temple and Pittsburgh.

Both sides indicated, however, their disagreements on these were not big enough to jeopardize the talks at this point.

The compromise birth control regulations would:

- Prohibit case workers from initiating family planning discussions with women on relief.
- Exclude unwed mothers from the program. Married women, whether living with their husbands or not, would be eligible.
- Limit referrals for family planning information, treatment or devices to only those clinics or doctors specifically approved by the Welfare Department.

The Major concession by the administration was the exclusion of unwed mothers, who constitute only 17 per cent of the families receiving aid to dependent children assistance.

Scranton said last week he

felt they were entitled to birth control information.

Opponents of the program agreed to abandon their attempt to prohibit state funds from being used to compensate physicians or clinics for birth control services.

House Appropriations Chairman Martin P. Mullen, the instrumental force behind the campaign to deny the program state funds, told newsmen after the compromise had been adopted.

"We all ought to be satisfied. We didn't get all we wanted, but we obtained enough concessions to be satisfied."

Other highlights:

Judges — The Senate returned to the House for concurrence in amendments to a bill to permit the recall of retired judges for temporary duty to ease court backlogs. The Senate increased the per diem compensation for the judges from \$50 to \$75.

State Police — The Republican Senate advanced into position for a final vote a House bill to increase the complement of the State Police by 250 men. The Scranton Administration had been seeking a 600-man increase.

Consumer — The Democratic House Rules Committee released to a floor a resolution calling for an investigation of the newly formed Save the Consumer Committee. The committee has undertaken an expensive statewide advertising campaign in-

Blacksmithing as idealized by Longfellow's poem, has all but vanished. Young men who wish to become blacksmiths go to technical schools or agricultural colleges for training.

Woman Crippled With Arthritis Perishes In Fire

CLEVELAND (AP) — A 70-year-old East Side woman, Mrs. Mary Lewis, crippled with arthritis perished Tuesday night in a fire that destroyed the inside of her home. A fireman who tried to save her was severely burned.

In guarded condition at St. Vincent Charity Hospital is fireman Paul J. Marks, 29, who suffered burns over much of his body. He is the father of two small children.

Mrs. Lewis' daughter, Miss Frankie Brown, 46, who also lived at the house, was treated for hand cuts after she broke a window with her fist to let smoke escape from the two-story frame dwelling.

With Mrs. Lewis in his grasp, Marks, who had entered the building was blown through a window by an explosion and landed in a shower of glass in the front yard, his clothing engulfed in flames.

Mrs. Lewis was trapped in her bed by the flames. Friends said she had been confined to a wheelchair for the past several years with arthritis. Cause of the fire was unknown.

Sheriff Reports On Jail For July

LISBON — The Columbiana County Jail booked 73 prisoners during July in addition to the 35 confined as of July 1, Sheriff Russell J. Van Fossan reports.

Seventy-three prisoners were released during the month; two were conveyed to state institutions and three mental patients were taken to state hospitals.

The jail served 3,533 meals last month at a total cost of \$1,274. The sheriff said the average daily food cost per prisoner was \$1.08. There were 190 visitors at the jail in July.

Van Fossan said 258 papers were served and 5,277 radio transmissions were handled, along with 1,142 phone calls. Fees totaling \$908.28 were collected.

The sheriff's office in the Courthouse accepted 32 sets of fox feet and ears for the \$3 bounty during July.

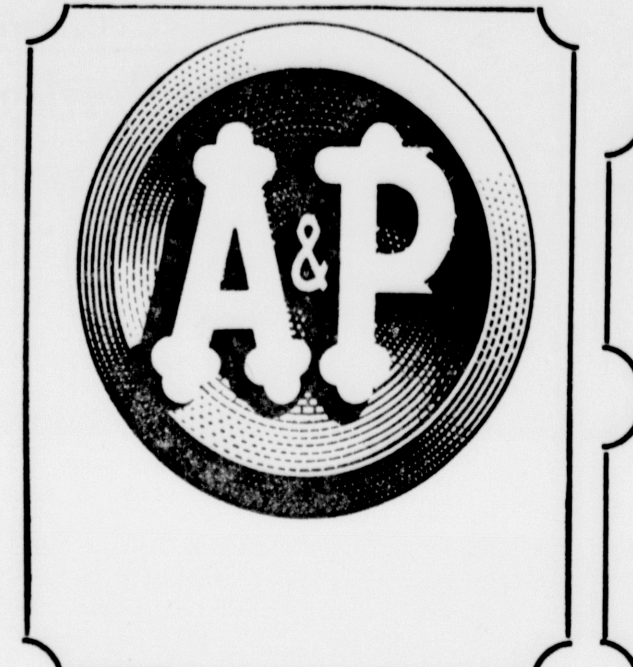

Ohio Academy Due Talk By Heart Expert

COLUMBUS, Ohio (AP)—Dr. Michael DeBakey, the Houston heart surgeon who developed a mechanical pump to aid ailing human hearts, was scheduled to speak to the Ohio Academy of General Practice today.

DeBakey planned to discuss heart surgery at the Academy's 16th annual assembly, now in its third day.

In Tuesday session of the assembly, Dr. B. L. Huffman of Toledo was elected to become head of the family doctors' organization a year from now. He will succeed Dr. Benjamin W. Gilliotte of Zanesville, who took office Tuesday night.

Yellowstone, which became the first national park in 1872, is still the nation's largest with 3,472 square miles.

Ever See One
Hat That
Would Satisfy
Every Woman's Taste?

Impossible?
Of Course!

We feel the same way about coffee. We don't believe one blend can satisfy every taste.

That's why we have three blends of A&P Bean Coffee. Some like a mild, mellow coffee. That's our Eight O'Clock.

Some like a medium blend that's rich and full-bodied. That's our Red Circle.

Some like a strong blend that's vigorous and winey. That's our Bokar.

Each is a blend of the finest coffees of its type.

In fact, there are no finer coffees in any package at any price.

Is A&P Coffee a good reason for shopping A&P?

It's one of many.

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: What do you do when you are baking fruit pie, or macaroni and cheese, and it boils over causing smoke in your oven, and you can't turn the oven off to clean it right then?

Well, you know what I mean? OLIVE

DEAR OLIVE: When this happens, grab your box of table salt and open the big spout.

Open your oven door and pour the salt on any fresh spill, covering it with at least a 1/4 inch of salt. This will not only stop the smoke, but any more juice that happens to drop from that side of the pie, will fall on the salt.

Now, here's the best part of it all:

Just leave that salt on those spills for a day or two and keep using your oven — it won't smoke any more.

Then, using your metal pancake turner or a spatula, remove the hardened crust... and continue to clean from there.

You will find this will save you lots of time cleaning your oven. No use for us to spend our time cleaning hard, sticky goop off an oven floor when you can lift it up like a pancake.

Besides, I figure that little bit of salt is cheaper than

our highly valued elbow grease.

HELOISE.

DEAR HELOISE: You suggested peeling stringy celery with a potato peeler.

I do that, but instead of cutting it into service size pieces, I break the stalks, breaking against the strings that are left after the peeling process.

I can then pull off additional strings that are imbedded in the celery.

MARY SAUNDERS.

DEAR HELOISE: Recently a friend ate an evening meal with me.

Afterwards she insisted on helping me with the dishes. When she asked where my dish cloth was, I told her I used a sponge.

After the dishes were done, I noticed she proceeded to wring the water out of the sponge.

Please tell your readers... Don't ever wring a sponge unless you want to ruin it. Squeeze it!

ALICE.

DEAR HELOISE: A recent discovery of mine was that the syrup from canned fruit makes excellent popsicles.

MYRNA WADDELL.

DEAR HELOISE: The points of the collars on my husband's

permanently-pressed shirts have filled with tiny bits of dirt that won't come out. The shirts are unwearable.

Can you suggest a method of removing these particles?

MRS. A. L. B.

Bless your little heart.

The shirt makers couldn't give me an answer either. But hold on, Hon... let's both bet one of our friends has the answer.

If any of you can help our friend (and me), please drop me a line. Lots of us will appreciate you for it.

HELOISE.

DEAR HELOISE: Here's a little hint for those who buy a shampoo and find that it doesn't suit their hair.

Don't throw it away. When cleaning hair brushes and combs, use the shampoo instead of your regular cleaner.

With a little hot water it will make your brushes and combs sparkle.

TERRY CAPOZIO.

DEAR HELOISE: Take your child's previous year's picture from your billfold when you get the new ones, and put the old one beside the report card in his or her scrapbook.

It shows how they change from year to year and brings back many fond memories.

MRS. RALPH V. GREEN.

Merchants Plan Lisbon Projects During Breakfast

LISBON — Village merchants got up before daylight yesterday to talk shop at a 7 a. m. breakfast in the Wick Hotel. They voted to:

Decorate storefronts with bunting beginning Aug. 15 to brighten up the town for Columbiana County's 121st annual fair Aug. 24-28.

Cooperate with the Lions Club in promoting an all-day flea market on downtown streets; and

Have a breakfast meeting the first Tuesday of each month.

The flea market is set tentatively for Sept. 10. William E. Hiscox of the Lions Club made the proposal. He said he has several antique dealers lined up to set up sales tables on the sidewalks, and he invited the merchants to plan street sales.

Harold Pickering, co-chairman of the merchants committee of Lisbon Area Chamber of Commerce, presided. He named Galen Bye, Richard Dunn and Forest McClintock as a committee to work with Hiscox on the promotion.

Charles McCormick reported committee ideas for a "wishing well" promotion.

President Lincoln witnessed only one Civil War Battle, but he displayed courage under fire. As bullets whizzed about him, the President watched the Union defense of Fort Stevens, near the Nation's Capital, until a general ordered him to take cover.

Hancock 'Action' Eyes New Sources Of Funds

New sources of revenue to carry out community programs are being considered by representatives of the Hancock County Community Action Council, Inc., as the result of a recent meeting of regional officials of the West Virginia Economic Opportunity Agency in Wheeling.

Millard Mott, representing the Regional Office of Economic Opportunity in Washington, D.C., discussed what funds are available and how they may be obtained. He emphasized "that money is becoming more and more scarce and that resources outside of the federal government must be sought."

Other speakers at the assembly included Dr. Eugene D. Thoenen and John Frist, state coordinators, and William L. Lonsome, state legal aid and consumer specialist.

Ronald E. Wilson, program

director of the Hancock council, and Steve M. Yurka, secretary, attended the meeting.

Also attending from Hancock County were Leonard Salerno, John P. Jones, Madeline Pietrantoni, John Casey, Michael R. Yurko and Oliver Johnson, members of the Action council board of directors; Larry Kirk and Mrs. Carl Cross, representing the Opportunity Center, and Mr. and Mrs. Crawford Cameron, representing the Board of Education.

Other counties represented were Brooke, Ohio, Marshall and Wetzel.

The Suez Canal in Egypt, the Albert in Belgium, the Moscow-Volga in the Soviet Union and the Trollhatten in Sweden are all longer than the Panama Canal.

2 Get Promotions At Weirton Steel

WEIRTON — Two promotions have been announced in the Treasury and Accounting Department of the Weirton Steel Division of the National Steel Corp.

J. H. Harris, administrative vice president and treasurer, said Eugene G. McKittrick has been named assistant to the treasurer and will be succeeded as plant auditor by David P. Miller, formerly assistant auditor.

In his new position, McKittrick's principal responsibility will be to supervise and coordinate various procedures and methods on a company-wide basis.

He is a native of Weirton, was graduated from Weir High School and attended Steubenville Business College. He joined Weirton Steel in 1929 as a clerk

in the Steel Works. He became a cost clerk, then assistant chief clerk and in 1953 was appointed chief clerk of the Steel Works. He was transferred to the accounting department as a standard cost analyst in January 1957 and assumed his present position of plant auditor in January 1958.

Miller was born in Steubenville and was graduated from high school there. He took extension courses in accounting from West Virginia University and the University of Pittsburgh. He began his Weirton Steel career in 1935 as a clerk in the Strip Steel Department. He advanced through various accounting positions to become assistant chief clerk in 1952. He was promoted to standard cost analyst in the Accounting Department in 1957 and to his present position, assistant plant auditor, in March 1961.

Wellsville Post Plans For Picnic

Plans were outlined for the 20th annual stag picnic Aug. 28 at James Lake during the meeting of Wellsville American Legion Post 70 Monday night at the post home. Comdr. William F. Dysert was in charge.

The committees for the picnic will be announced later.

Virl D. Stephens was accepted as a new member and Peter T. Trainer was re-instated as a member.

Sam Maylone presented the financial report and George Wilkins, chaplain, reported on his visitations. Cards were signed for Lloyd Hunter and Frank Wilson, who are patients at City Hospital.

A dance will be held Saturday at the post home beginning at 10. Music will be furnished by Bob Cook and the Esquires.

The next meeting will be Monday night.

Civil Service Board Sets Exams Tonight

The Municipal Civil Service Commission will conduct examinations tonight at City Hall for eligibility lists for firemen and street department maintenance men. There will be no exam for police patrolmen, since there was only one applicant.

The exams were to have been held Monday night, but had to be postponed because of other obligations of commission members.

Three will take the firemen exam and two the maintenance exam, according to P. K. Calhoun, clerk.

4-H Band Members Return From Retreat

LISBON — Thirty members of the Columbiana County 4-H Band attended a retreat Satur-

day and Sunday at Camp White-wood in Ashtabula County.

A. Jerd Bayless, band director at Canton Lincoln High School, told the young musicians of the first high school bands, including the Fostoria

boys' band, which was a national champion.

The 4-H Band held a practice session with Director William Justice of Poland. Activities included a picnic, camp fire and

hike. Nine adults accompanied the group.

Junior Editors Quiz on
SUN'S RAYS

QUESTION: How can you convert sunlight into electricity?

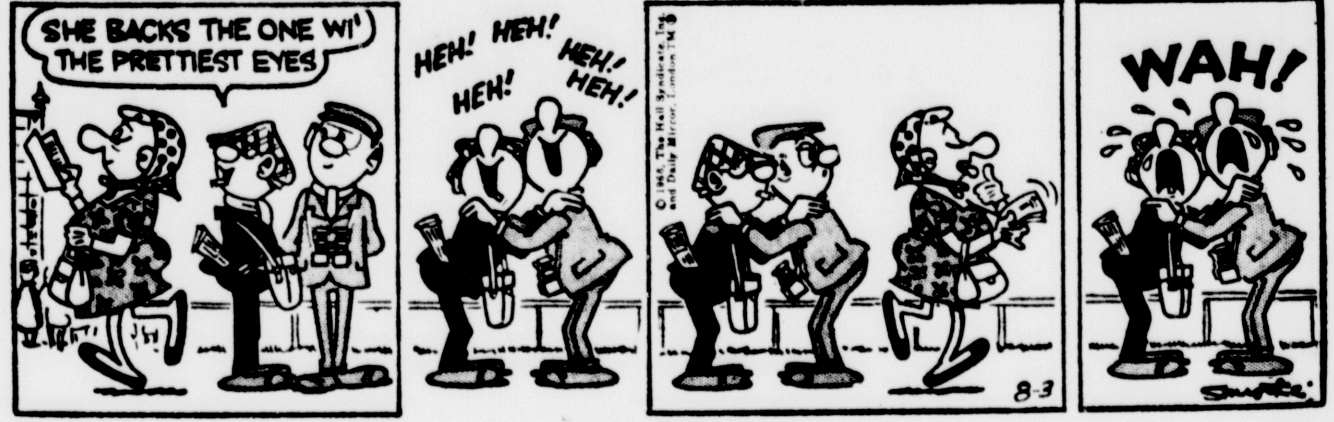

ANSWER: One way to get power from the sun is through the use of big mirrors (upper left). The sun's rays are intensified, first from mirror A and then from mirror B, storing great heat in the "oven." This can then be used in various ways. But this is storage of solar heat rather than converting it into electricity. This last is the job of the solar battery.

Solar batteries change sunlight directly into electricity. They do this by using a remarkable property of certain minerals, such as silicon and selenium. When light falls on certain forms of these substances, it changes the arrangement of electrons and "holes," or openings from which electrons have escaped. A flow or movement of electrons and holes is created and this becomes an electric current. Panels of silicon crystals have been used to operate telephones (lower left). Used in earth-girdling satellites, solar batteries can supply current so messages can be sent down to earth.

Today In History

By The Associated Press
Today is Wednesday, Aug. 3, the 215th day of 1966. There are 150 days left in the year.
Today's highlight in history: On this date in 1958, the "U.S.S. Nautilus," the first atomic submarine, sailed under the North Pole.
On this date: In 1492, Christopher Columbus embarked upon the expedition which resulted in the discovery of America.
In 1914, Germany declared war on France and Belgium.
In 1923, Calvin Coolidge took the presidential oath of office at his family homestead in Plymouth, Vermont.
In 1942, Moscow announced that Cossack reinforcements were fighting against the Nazis in the Caucasus.
In 1945, the Allies announced a complete blockade of Japan had been effected.
Five years ago—A Continental Airlines jet airliner, en route from Phoenix, Ariz., to El Paso, Tex., was seized in flight by two armed men who ordered the pilot to fly to Communist Cuba. The pilot insisted on landing first at El Paso where waiting FBI agents and police officials arrested the men.
One year ago—The Soviet Union said an agreement to prohibit the spread of nuclear weapons was dependent on termination of the Viet Nam war, withdrawal of all U.S. forces and dismantling of U.S. bases in foreign countries.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm an average-looking woman in my 30s. I wear glasses and upper dentures, but I'm a whale of a good secretary — presently unemployed.

Yesterday the boss' wife telephoned me at the office and accused me of making a play for her husband. I went right to my boss, told him about the phone call, packed my pencils and left that very hour. The boss was floored, I might add.

I never before have walked off a job. It's always a mess when someone leaves without notice and I felt terrible about doing it but I just didn't feel that I could stay another day.

Did I do the right thing? My husband says I did. I'm not so sure. Perhaps I should have written the wife off as a nut (which she most assuredly is) and hung on to my job. Please comment. — FORMER SEC.

Dear Former: You did the right thing. If your boss had urged you to stay, you should have done so, but since he did not, you were wise to leave.

A whale of a good secretary should have no trouble finding another job — and a more loyal boss. He let you down miserably.

Best Farmland In Ohio Treated Well By July Rain

COLUMBUS, Ohio (AP) — Palmer Drought Index readings. One area is Ashtabula County, the other takes in Mercer and Darke counties on the opposite side of the state.

Other areas shortchanged in the generally soggy month included extreme southwest Ohio and the eastern third of the state.

Some communities in northwest Ohio, which had a wetter spring than most of the state, found out what wet really was July 12. Many crops were destroyed in the day-long deluge that also flooded many families out of their homes.

Areas to the south and west of Sandusky, however, received more moderate treatment. In the areas referred to by O'Neill as the best farm country, northwest and north-central Ohio, July totals were generally above normal and between five and nine inches.

The average July rainfall based on past years is about four inches, ranging from 3.26 to 4.43 inches in the Weather Bureau's 10 statistical regions.

Most crops are still a week to 10 days behind schedule, O'Neill said today in a statewide appraisal, but this is due to late planting and early-season cold spells. The state's wheat harvest, recently completed, he judged as "excellent."

Two areas in the state rate as "severe drought" spots, according to the Weather Bureau's

How Can I?

By ANNE ASHLEY

Q.—How can I go about washing a girdle properly?

A.—Use mild soap and lukewarm water. Do not wring or twist if it contains elastic. Roll into a turkish towel to remove moisture, then dry flat on a dry towel away from artificial heat and sunlight. Wash latex girdles after each wearing, dry and dust generously with talcum powder. Fabric panels of girdles may be ironed with a warm iron, but don't press the elastic portions.

Q.—How can I prevent brass from tarnishing during a damp weather?

A.—After polishing your brass, rub it with a cloth moistened in olive oil. One section of my new household manual deals with the car, cleaning and polishing of all metal articles.

Q.—What can I do when egg whites refuse to beat stiff?

A.—Add a teaspoonful of cold water and a pinch of salt. Adding a pinch of baking soda while beating also helps, makes it more fluffy, and prevents its falling if it must stand for any length of time.

Winners Named In Grange Event

LISBON — Mrs. Clifford Shaw and Dona Crowell, daughter of Mr. and Mrs. James Corwell, won the adult and junior divisions of the Lisbon Grange baking contest Monday evening.

They will bake another plate of apple muffins with nut topping for the Pomona Grange contests Aug. 20 at the Yellow Creek Grange.

Mrs. Crowell and Mrs. David Pannier placed second and third in the adult competition.

Blaine Crosser, son of Mr. and Mrs. Clarence Crosser, and Lori Harris, daughter of Mr. and Mrs. Charles Harris, were runners-up among the juniors.

Thirty-seven attended.

Mrs. Guy Frantz and Mrs. Merle McPherson of Mt. Nebo Grange were judges.

Master Charles Harris was in charge. The grange selected a delegate and alternate to the state grange convention and certified the names to the county grange deputy.

Officers will be elected at the next meeting Sept. 12.

The canning industry of the U.S. each year produces approximately \$5.2 billion worth of products, at the wholesale level.

Bride's Choice

Dear Ann: I plan to be married in October. This evening my aunts asked me if I had decided on the members of the wedding party. I said, "I haven't asked her yet but of course Bess will be my maid of honor." We've been best friends, since childhood.

There was a chorus of "No, you can't have her for obvious reasons!" Bess is a polio cripple. She wears a brace on her leg and walks with a cane. One of my aunts said, "It will take her three times as long to get down the aisle and she won't be able to keep time to the music."

I was boiling inside at first and determined to have Bess as my maid of honor even if I had to wheel her down the aisle myself. Now I'm undecided. I discussed this with friends this morning and they say my aunts are right. What do you say? — FELICIA.

Dear Felicia: Quit shopping for opinions and use your own judgment. You sound more sensible than your moronic friends and your dizzy aunts. Tell them in unmistakable terms that Bess is your choice and then tell her.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.
